Fire Season Field Notes From A Wilderness Lookout Philip Connors:

Fire Season Philip Connors, 2011-04-05 Fire Season both evokes and honors the great hermit celebrants of nature from Dillard to Kerouac to Thoreau and I loved it J R Moehringer author of The Tender Bar Connors's adventures in radical solitude make for profoundly absorbing restorative reading Walter Kirn author of Up in the Air Phillip Connors is a major new voice in American nonfiction and his remarkable debut Fire Season is destined to become a modern classic An absorbing chronicle of the days and nights of one of the last fire lookouts in the American West Fire Season is a marvel of a book as rugged and soulful as Matthew Crawford's bestselling Shop Class as Soulcraft and it immediately places Connors in the august company of Edward Abbey Annie Dillard Aldo Leopold Barry Lopez and others in the respected fraternity of hard boiled nature writers

The Mountain Knows the Mountain Philip Connors, 2025-09-16 From firewatcher poet comes a powerfully meditative work with a basis in Japanese poetic form Haibun comps are Peter Matthiessen's Snow Leopard and The Nine Headed Dragon River Terry Tempest Williams Barry Lopez and even Norman MacLean's Young Men and Fire Multi award winning writer Philip Connors had been a fire watcher in the Gila Wilderness for fourteen straight summers when he sustained an injury and was forced to miss a year recovering When he returned he resolved to see the mountain with fresh eyes and to keep a detailed notebook The result is The Mountain Knows the Mountain a meticulously observed experience of one fire season chronicled in haibun the centuries old prose form dating from Basho's Narrow Road to the Interior that recounts both inner and outer journeys and incorporates traditional haiku as an occasional element of narrative counterpoint Though only a beginner in the practice of haiku Connors deftly weaves close observation personal reflection and memory with hard won knowledge of the forest of the mountain and of fire The Mountain Knows the Mountain is both mythic and immediate a chronicle of daily events granular in their specificity but connected to larger themes of the observed world and the inner life of the observer Connors captures the various moods of a long season on a mountain plays with language and ways of seeing and includes contributing perspectives from his partner Monica Ortiz Uribe and his friend the late editor and publisher Bobby Byrd Together with the author's own simple drawings the resulting snapshots offer incisive visions of how to be intimate with the wild

Fire Season Philip Connors, 2242732, 2012 For nearly a decade Philip Connors has spent half of each year in a small room at the top of a tower on top of a mountain alone in millions of acres of remote American wilderness His job to look for wildfires Capturing the wonder and grandeur of his work FIRE SEASON evokes the eerie pleasure of solitude and the majesty might and beauty of untamed fire Connors time up on the peak is filled with drama fires spectacular midnight lightning storms and silent mornings awakening above the clouds surprise encounters with smokejumpers black bears and an abandoned dying fawn

All the Wrong Places Philip Connors, 2015-02-24 The prize winning author of Fire Season returns with the heartrending story of his troubled years before finding solace in the wilderness In his debut Fire Season Philip Connors recounted with lyricism wisdom and grace his decade as a fire lookout high above remote New Mexico

Now he tells the story of what made solitude on the mountain so attractive the years he spent reeling in the wake of a family tragedy At the age of twenty three Connors was a young man on the make He d left behind the Minnesota pig farm on which he d grown up and the brother with whom he d never been especially close He had a magazine job lined up in New York City and a future unfolding exactly as he d hoped Then one phone call out of the blue changed everything All the Wrong Places is a searingly honest account of the aftermath of his brother s shocking death exploring both the pathos and the unlikely humor of a life unmoored by loss Beginning with the otherworldly beauty of a hot air balloon ride over the skies of Albuquerque and ending in the wilderness of the American borderlands this is the story of a man paying tribute to the dead by unconsciously willing himself into all the wrong places whether at the copy desk of the Wall Street Journal the gritty streets of Bed Stuy in the 1990s or the smoking rubble of the World Trade Center With ruthless clarity and a keen sense of the absurd Connors slowly unmask the truth about his brother and himself to devastating effect Like Cheryl Strayed s Wild this is a powerful look back at wayward years and a redemptive story about finding one s rightful home in the world [A Song for the River](#) Philip Connors,2018-09-18 Southwest Book Award BRLA Notable Book Sigurd Olson Nature Writing Award Amazon Book Review Best Nonfiction of 2018 2018 Publisher s Weekly Best Books of the Year Nonfiction 2018 Southwest Books of the Year Outside Magazine Pick for Best Adventure Books of the Season NPR Summer Reading List Pick From one of the last fire lookouts in America comes this sequel to the award winning Fire Season a story of calamity and resilience in the world s first Wilderness A dozen years into his dream job keeping watch over the Gila Wilderness of New Mexico Philip Connors bore witness to the wildfire he had always feared a conflagration that forced him off his mountain by helicopter and changed forever the forest and watershed he loved It was merely one of many transformations that arrived in quick succession not just fire and flood but illness divorce the death of a fellow lookout in a freak accident and a tragic plane crash that rocked the community he called home At its core an elegy for a friend he cherished like a brother A Song for the River opens into celebration of a landscape redolent with meaning and the river that runs through it Connors channels the voices of the voiceless in a praise song of great urgency and makes a plea to save a vital piece of our natural and cultural heritage the wild Gila River whose waters are threatened by a potential dam Brimming with vivid characters and beautiful evocations of the landscape A Song for the River carries the story of the Gila Wilderness forward to the present precarious moment and manages to find green shoots everywhere sprouting from the ash Its argument on behalf of things wild and free could not be more timely and its goal is nothing less than permanent protection for that rarest of things in the American West a free flowing river the sinuous and gorgeous Gila It must not perish [Lookout](#) Trina Moyles,2022-07-26 A page turning memoir about a young woman s grueling revelatory summers working alone in a remote lookout tower and her eyewitness account of the increasingly unpredictable nature of wildfire in the Canadian north While growing up in Peace River Alberta Trina Moyles heard many stories of Lookout Observers strange eccentric types who spent five month summers alone climbing 100 foot

high towers and watching for signs of fire in the surrounding boreal forest How could you isolate yourself for that long she wondered I could never do it she told herself Craving a deeper sense of purpose she left northern Alberta to pursue a decade long career in global humanitarian work After three years in East Africa and newly engaged Trina returned to Peace River with a plan to sponsor her fiance Akello s immigration to Canada Despite her fear of being alone in the woods she applied for a seasonal lookout position and got the job Thus begins Trina s first summer as one of a handful of lookouts scattered throughout Alberta with only a farm dog Holly labeled a domesticated wolf by her former owners to keep her company While searching for smoke Trina unravels under the pressure of a long distance relationship and a dawning awareness of the environmental crisis that climate change is producing in the boreal Through megafires lightning storms and stunning encounters with wildlife she learns to survive at the fire tower by forging deep connections with nature and with an extraordinary community of people dedicated to wildfire detection and combat In isolation she discovers a kind of self awareness and freedom that only solitude can deliver Lookout is a riveting story of loss transformation and belonging to oneself layered with an eyewitness account of the destructive and regenerative power of wildfire in our northern forests

The Burning Season Caroline Starr Rose, 2025-05-13 In this riveting coming of age survival story in verse perfect for fans of Alan Gratz a fire lookout in training must find her courage when a wildfire breaks out on her watch Twelve year old Opal has a secret she s deathly afraid of fire Still Opal is preparing to become a fourth generation lookout on Wolf Mountain deep in the New Mexico wilderness She Mom and Gran live at ten thousand feet in a single room at the top of a fire tower They are responsible for spotting any hint of smoke before it becomes an uncontrollable blaze Instead of training for the lonely life of a lookout Opal wishes she could be starting seventh grade in Silver City attending real classes with kids her own age and even going to afterschool clubs like FFA But Wolf Mountain has other ideas When Mom makes the long trek to town for supplies and Gran goes missing Opal is the only one to spot a tell tale spiral of smoke moving up the mountainside She ll have to be braver than she s ever been as she heads into the woods beyond Wolf Ridge s old blackened burn scar to face down a fire on her own But when a fire is what took her father away and Opal herself knows the sting of smoke and lick of flames how can she be brave enough when it really counts

Nature's Writers Donald S. Clark, 2024-09-03 A photographic celebration of the landscapes that have influenced some of America s most important nature writers from John Muir to Terry Tempest Williams to Barbara Kingsolver Since 2019 Donald S Clark has documented the places that have been instrumental in influencing the lives and words of both historic and contemporary nature and environmental writers throughout the United States While we have always felt their passionate connection to their own environments no book has ever made this visual connection between writers and their land before the relationship between prose and place Featuring more than 40 of America s most important writers the content is as far reaching as America itself from sea to shining sea forest to prairie and mountain to coastline Accompanying each gallery of stunning photography is a selected excerpt by the writer about their

land With the increasingly noticeable effects of climate change the significance of these writers and their personal connections to the environment is even more timely This unique and compelling story of the land and how it has inspired some of our greatest poets and authors will make a wonderful gift for budding environmentalists students of nature writing or anyone interested in conservation [The Great Conversation](#) Belden C. Lane,2019 In the face of climate change species loss and vast environmental destruction Belden C Lane s spiritually centered environmentalism suggests that we must look to teachers in nature to understand how to save ourselves Pairing anecdotes of personal encounters with nature with the teachings of spiritual leaders from a range of religious traditions this book invites us to participate once more in the great conversation among all creatures and the earth itself **Library Lin's Curated Collection of Superlative Nonfiction** Linda Maxie,2022-05-05 Trust a librarian to help you find books you ll want to read Library Lin s Curated Collection of Superlative Nonfiction is a librarian s A list of nonfiction books organized by subject area just like a library Linda Maxie Library Lin combed through 65 best books lists going back a century She reviewed tens of thousands of books sorted them according to the Dewey Decimal Classification system and selected an entire library s worth for you to browse without leaving home Here you ll find Summaries of outstanding titles in every subject Suggestions for locating reading material specific to your needs and interests In this broad survey of all the nonfiction categories you will find titles on everything from the A bomb to Zen Buddhism You might find yourself immersed in whole subject areas that you never thought you d be interested in *Fire Eaters* Peter Pigott,2025-04-29 The riveting history of how aircraft have transformed the fighting of wildfires Throughout history when threatened by wildfires our only defense was to pray for rain and run until aircraft changed the way we fight fires Beginning with the Canadian H Boats in 1924 aircraft have become indispensable in detecting and extinguishing wildfires *Fire Eaters* tells the incredible stories of the Ontario Provincial Air Service the first government aerial fire suppression organization in history one of its pilots Carl Crossley who invented the water scoop up and drop off system and the Canadair CL 215 the first purpose built water bomber Today helicopters with Bambi Buckets and snorkels can dump water while hovering directly over the flames and Air Tractors and Dash 8 400AT air tankers not only perform a crucial role in saving communities but also protect our ecosystem Satellites unmanned aircraft able to fly for sixteen hours even overnight when manned aircraft do not and artificial intelligence already play a decisive role in fire management But it is the men and women of the aerial fire service who have really changed the way we fight fire around the world Their bravery and dedication mean that response times are fast fires can be contained sooner and people have the chance to save rather than lose everything *Ever Green: Saving Big Forests to Save the Planet* John W. Reid,Thomas E. Lovejoy,2022-03-29 One of Kirkus Review s Best Nonfiction Books of 2022 Clear provocative and persuasive *Ever Green* is an inspiring call to action to conserve Earth s irreplaceable wild woods counteract climate change and save the planet Five stunningly large forests remain on Earth the Taiga extending from the Pacific Ocean across all of Russia and far northern Europe the North American

boreal ranging from Alaska's Bering seacoast to Canada's Atlantic shore the Amazon covering almost the entirety of South America's bulge the Congo occupying parts of six nations in Africa's wet equatorial middle and the island forest of New Guinea twice the size of California These megaforests are vital to preserving global biodiversity thousands of cultures and a stable climate as economist John W Reid and celebrated biologist Thomas E Lovejoy argue convincingly in *Ever Green* Megaforests serve an essential role in decarbonizing the atmosphere the boreal alone holds 1.8 trillion metric tons of carbon in its deep soils and peat layers 190 years worth of global emissions at 2019 levels and saving them is the most immediate and affordable large scale solution to our planet's most formidable ongoing crisis Reid and Lovejoy offer practical solutions to address the biggest challenges these forests face from vastly expanding protected areas to supporting Indigenous forest stewards to planning smarter road networks In gorgeous prose that evokes the majesty of these ancient forests along with the people and animals who inhabit them Reid and Lovejoy take us on an exhilarating global journey *Santa Fe* Elizabeth West, 2012 This question and answer book contains 400 reminders of what is known and what is sometimes forgotten or misunderstood about a city that was founded more than 400 years ago Not a traditional history book this group of questions is presented in an apparently random order and the answers occasionally meander off topic as if part of a casual conversation

New Mexico Magazine, 2011 **Motorcycles I've Loved** Lily Brooks-Dalton, 2016-04-05 At twenty one years old Lily Brooks Dalton is feeling lost returning to New England after three and a half years traveling overseas she finds herself unsettled unattached and without the drive to move forward When a friend mentions buying a motorcycle Brooks Dalton is intrigued and inspired Before long she is diving headlong into the world of gearheads reconsidering her surroundings through the visor of a motorcycle helmet and beginning a study of motion that will help her understand her own trajectory Her love for these powerful machines starts as a diversion but as she continues riding and maintaining her own motorcycles she rediscovers herself her history and her momentum **The Great Divide** Stephen Grace, 2015-08-03 Written by Stephen Grace the companion book to *The Great Divide* a film by Havey Productions is a sweeping magnificently illustrated story of Colorado water from the region's first inhabitants to the incoming settlers and developers to modern environmentalists Times and places are covered from the archaeological remains of ancient Native American reservoirs the first and longest operating water right in Colorado important innovations in irrigated agriculture the stunning dams that create reservoirs for storage and recreation and the natural beauty of Colorado's wild places The book based on the film will be a natural source for viewers who seek additional knowledge beyond the film but it will also stand alone for readers who desire a basic but engaging entrance into the world of Colorado water A vast array of breathtaking photographs both archival and contemporary serve as attractive illustrations and a supplemental way to tell the story along with descriptive captions
