Disciplining the Poor Joe Soss,Richard C. Fording,Sanford F. Schram,2011-10-20 Disciplining the Poor explains the transformation of poverty governance over the past forty years why it happened how it works today and how it affects people In the process it clarifies the central role of race in this transformation and develops a more precise account of how race shapes poverty governance in the post civil rights era Connecting welfare reform to other policy developments the authors analyze diverse forms of data to explicate the racialized origins operations and consequences of a new mode of poverty governance that is simultaneously neoliberal grounded in market principles and paternalist focused on telling the poor what is best for them The study traces the process of rolling out the new regime from the federal level to the state and county level down to the differences in ways frontline case workers take disciplinary actions in individual cases The result is a compelling account of how a neoliberal paternalist regime of poverty governance is disciplining the poor today

Kaufman, 2017-01-02 In *United States Law and Policy on Transitional Justice Principles Politics and Pragmatics* Zachary D Kaufman explores the U S government s support for or opposition to certain transitional justice institutions By first presenting an overview of possible responses to atrocities such as war crimes tribunals and then analyzing six historical case studies Kaufman evaluates why and how the United States has pursued particular transitional justice options since World War II This book challenges the legalist paradigm which postulates that liberal states pursue war crimes tribunals because their decision makers hold a principled commitment to the rule of law Kaufman develops an alternative theory prudentialism which contends that any state liberal or illiberal may support bona fide war crimes tribunals More generally prudentialism proposes that states pursue transitional justice options not out of strict adherence to certain principles but as a result of a case specific balancing of politics pragmatics and normative beliefs Kaufman tests these two competing theories through the U S experience in six contexts Germany and Japan after World War II the 1988 bombing of Pan Am flight 103 the 1990 1991 Iraqi offenses against Kuwaitis the atrocities in the former Yugoslavia in the 1990s and the 1994 Rwandan genocide Kaufman demonstrates that political and pragmatic factors featured as or more prominently in U S transitional justice policy than did U S government officials normative beliefs Kaufman thus concludes that at least for the United States prudentialism is superior to legalism as an explanatory theory in transitional justice policymaking **FCC Record** United States.
