the car in lieu of the street or custom version Boyd starts by covering the options collectability variety availability and value of these wonderful kits and then concentrates on the highly detailed drag racing only kits that became available starting in the mid 1960s through today He also shows the differences between original kits older reproduction kits and new reproduction kits that many enthusiasts find at swap meets and online sources today Many of these great kits were from the 1960s an era when building model kits was a widely popular serious hobby similar to video games today Not only was it fun to build the kits but it was also a great way to learn about all the different race classes and categories because there wasn't regular TV or online coverage during that era The artwork on those kits was fantastic and many collectors today seek original kits largely because of it The classes of racing covered are Gassers Rail Dragsters Stocks and Super Stocks Funny Cars Pro Stocks Exhibition Racers and more Drag racing cars designed by model companies that never actually existed are also covered Nostalgia drags are some of the most popular events around the country today People can't get enough of these old race cars that were built in an era when variety innovation and home building ruled the day This book is great for modelers in general model kit collectors and drag racing fans young and old alike

**Building 4.6/5.4L Ford Horsepower on the Dyno** Richard Holdener, 2006 The 4.6 and 5.4 liter modular Ford engines are finally catching up with the legendary 5.0L in terms of aftermarket support and performance parts availability Having a lot of parts to choose from is great for the enthusiast but it can also make it harder to figure out what parts and modifications will work best Building 4.6 5.4L Ford Horsepower on the Dyno takes the guesswork out of modification and parts selection by showing you the types of horsepower and torque gains expected by each modification Author Richard Holdener uses over 340 photos and 185 back to back dyno graphs to show you which parts increase horsepower and torque and which parts don't deliver on their promises Unlike sources that only give you peak numbers and gains Building 4.6 5.4L Ford Horsepower on the Dyno includes complete before and after dyno graphs so you can see where in the RPM range these parts make or lose the most horsepower and torque Holdener covers upgrades for 2 3 and 4 valve modular engines with chapters on throttle bodies and inlet elbows intake manifolds cylinder heads camshafts nitrous oxide supercharging turbocharging headers exhaust systems and complete engine buildups
