TOTAL SCREEN SCORE				

Raw Score: This score is used to denote right and left side scoring. The right and left sides are scored in five of the seven tests and both are documented in this space.

Final Score: This score is used to denote the overall score for the test. The lowest score for the raw score (each side) is carried over to give a final score for the test. A person who scores a three on the right and a two on the left would receive a final score of two. The final score is then summarized and used as a total score.

Clearing Test: A positive indicates pain. A negative indicates no pain. If pain is present (+), the score for that test would result in a 0.

Physical Preparation for Ice Hockey Anthony Donskov, 2016-12-27 This book was written for both hockey player and coach Hockey has been a passion of mine since early childhood I was born and raised in Canada and relocated to the United States in 1990 Hockey has been the fabric of our family tree From youth hockey to having the opportunity to play at the minor professional level I have enjoyed this great game and the life lessons it has instilled along the way It was during my career in university where coaching became a passion I loved the weight room the preparation and the process It was and still is a place of solace for me a classroom My

love for strength and conditioning was born in the sweaty confines of the Miami OH strength and conditioning facility located in Oxford Ohio and run by then strength and conditioning coach Dan Dalrymple Coach D instilled pride work ethic and belief in his athletes Our two thousand square foot weight room was a place of preparation competition and embodied the team first spirit At that instant I knew my calling was to serve as a coach I owe much gratitude and appreciation to Coach D He was a mentor to me Thanks Coach your imprint has left an indelible mark Journal of Special Operations Medicine ,2007
