Tropic of Football Rob Ruck, 2018-07-31 Longlisted for the PEN ESPN Award Everything that s rousing and distressing about block and tackle football is encompassed in Tropic of Football illuminating Newsday How a tiny Pacific archipelago is producing more players from Troy Polamalu to Marcus Mariota for the NFL than anywhere else in the world by an award winning sports historian Football is at a crossroads its future imperiled by the very physicality that drives its popularity Its grass roots high school and youth travel program are withering But players from the small South Pacific American territory of Samoa are bucking that trend quietly becoming the most disproportionately overrepresented culture in the sport Jesse Sapolu Junior Seau Troy Polamalu and Marcus Mariota are among the star players to emerge from the Samoan islands and more of their brethren suit up every season The very thing that makes them so good at football their extraordinary internalization of discipline and warrior self image makes them especially vulnerable to its pitfalls including concussions and brain injuries Award winning sports historian Rob Ruck travels to the South Seas to unravel American Samoa s complex ties with the United States He finds an island blighted by obesity where boys train on fields blistered with volcanic pebbles wearing helmets that should have been discarded long ago incurring far more neurological damage than their stateside counterparts and haunted by Junior Seau who committed suicide after a vaunted twenty year NFL career unable to live with the demons that resulted from chronic traumatic encephalopathy Tropic of Football is a gripping bittersweet history of what may be football s last frontier All the Way Down Robert W.
