Meeting the Early Learning Goals Through Role Play Marie Aldridge, 2019-09-16 This book offers step by step guidance to help busy practitioners create meaningful role play that will delight young children, enhance learning and link to the Early Learning Goals. The role play scenarios have been carefully created so that children can identify with them and will be excited and eager to join in. They give children the opportunity to play freely to discover and develop at their own pace and to link directly to the Early Learning Goals and beyond. This Book shows practitioners exactly how to plan, organize and implement role play activities. The activities have been tried, tested and enjoyed in the busy nursery where the author works. The book also divides the play scenarios into the DfES stated area of learning: personal, social, emotional, communication, language and literacy, mathematical knowledge of the world, creative and physical, allowing practitioners to choose activities to suit their needs. The book includes step by step guidance, photographs and plans, a list of easily obtained and inexpensive play equipment and a planning template for practitioners to develop their own ideas. It should prove useful to teachers and assistants from nursery classes up to key stage 1.
