How To Worship A Goddess Forgotten Goddesses:

A Garland of Forgotten Goddesses Michael Slouber, 2020-12-22 Imagining the divine as female is rare even controversial in most religions Hinduism by contrast preserves a rich and continuous tradition of goddess worship A Garland of Forgotten Goddesses conveys the diversity of this tradition by bringing together a fresh array of captivating and largely overlooked Hindu goddess tales from different regions As the first such anthology of goddess narratives in translation this collection highlights a range of sources from ancient myths to modern lore The goddesses featured here battle demons perform miracles and grant rare Tantric visions to their devotees Each translation is paired with a short essay that explains the goddess's historical and social context elucidating the ways religion adapts to changing times *The Ghost* Stephanie Julian, 2022-10-08 A seductive and heartwarming tale in this irresistible standalone novel Pro hockey player Frank returns home seeking his next chapter in life No longer the impetuous youth he once was Frank's ready to settle down and find stability Amidst his search a clandestine affair blossoms with a younger woman who cares for his grandmother adding a secret passion to his life Amethyst a hardworking single mother dedicates her time to creating a better future for herself and her son Romance takes a backseat to her demanding schedule filled with college studies and multiple jobs However when her employer's irresistible grandson arrives unexpectedly an undeniable spark ignites between them Frank is the perfect blend of sweetness and spice leaving her craving for more As Frank contemplates whether his love for the game will pull him back on the road he must also confront the possibility of a newfound passion and an instant family Will he succumb to the allure of his beloved sport or will this connection and the prospect of a stable life provide him with the roots he's been yearning for Dive into this enchanting tale and let your heart melt [Goddess Lost](#) Rachel S. McCoppin, 2023-02-03 Drawing upon historical archaeological and mythical examples from around the world this book reveals how societal views of female empowerment and authority can be directly traced to the reverence once directed towards female warriors priestesses healers queens pharaohs and goddesses Communities which revered women as sacred idols of their belief systems were far more likely to place women in prominent positions of social or political influence since their members were quite used to envisioning power in the hands of a strong or divine woman The book also explores how goddesses were purposefully devalued during the rise of patriarchal civilizations thus restricting the social importance of earthly women and their accompanying rights One such instance can be found in Greek mythology's Gaia once revered as a dominant earth mother she was replaced by a division of less powerful figures with more socially acceptable feminine roles such as Aphrodite the goddess of love typically held up as an object of male lust Hera the goddess of marriage and childbirth often portrayed as obsessed with jealousy over the extramarital exploits of her husband and the mostly silent goddess of the hearth Hestia The devaluing of once revered goddesses appeared in quite distinct ways across different cultures thus this book breaks down its chapters by global region including Europe the Middle East the Mediterranean India Asia Africa the Americas and Oceania [Redtails Hockey](#)
