Glossolalia and the Problem of Language Nicholas Harkness, 2021-03-19 Speaking in tongues also known as glossolalia has long been a subject of curiosity as well as vigorous theological debate A worldwide phenomenon that spans multiple Christian traditions glossolalia is both celebrated as a supernatural gift and condemned as semiotic alchemy For some it is mystical speech that exceeds what words can do and for others it is mere gibberish empty of meaning At the heart of these differences is glossolalia s puzzling relationship to language Glossolalia and the Problem of Language investigates speaking in tongues in South Korea where it is practiced widely across denominations and congregations Nicholas Harkness shows how the popularity of glossolalia in Korea lies at the intersection of numerous often competing social forces interwoven religious legacies and spiritual desires that have been amplified by Christianity s massive institutionalization As evangelicalism continues to spread worldwide Glossolalia and the Problem of Language analyzes one of its most enigmatic practices while marking a major advancement in our understanding of the power of language and its limits **The Oldest Rule** Christopher B. Gilbert, 2014 This book could save you 1 million OK maybe not but some school districts have spent that much defending themselves and not always successfully in First Amendment lawsuits brought by students and their parents First Amendment litigation is on the rise across the nation and as any principal who has sat through a deposition in one of those cases can tell you the raw emotions and zealous anger that fuels such disputes can become a massive distraction from your real job of running a school The Oldest Rule is a comprehensive examination of the different First Amendment issues involving students that public school administrators and attorneys are increasingly facing on daily basis We will look at such topics as school prayer dress codes student threats and cyberbullying the distribution of literature the use of public facilities by outside groups the celebration of religious holidays and the rise of esoteric religions and their impact in the public schools Written by Chris Gilbert an attorney with over twenty one years experience advising and representing school districts big and small urban and rural this book combines discussions of the legal standards and key case decisions with practical advice and hypotheticals New York School Journal ,1903
