A Smarter Charter Richard D. Kahlenberg, Halley Potter, 2014-09-19 Moving beyond the debate over whether or not charter schools should exist *A Smarter Charter* wrestles with the question of what kind of charter schools we should encourage The authors begin by tracing the evolution of charter schools from Albert Shanker's original vision of giving teachers room to innovate while educating a diverse population of students to today's charter schools where student segregation levels are even higher than in traditional public schools In the second half of the book the authors examine two key reforms currently seen in a small but growing number of charter schools socioeconomic integration and teacher voice that have the potential to improve performance and reshape the stereotypical image of what it means to be a charter school

Handbook of Research on Multidisciplinary Perspectives on Managerial and Leadership Psychology Johnson, Rick D., 2021-01-22 The subject of leadership and managerial psychology exists as a sub branch of psychology within the fields of industrial and organizational psychology There still appears to be ongoing debate regarding the core pathology for gaining managerial expertise in professional roles relative to having suitable leadership skills and managerial knowledge beyond the direct daily work involved in organizations Professional organizations inherently include varied levels of sensitive human interactions which further necessitates their management professionals to have leadership styles that are adjustable contingent on a given situation Relative to this edited book managerial psychology is being utilized in a way that may subsequently seek to develop a series of scientific theory principles where the focus is to develop managerial axioms that advance contemporary existing knowledge surrounding professional management logic The *Handbook of Research on Multidisciplinary Perspectives on Managerial and Leadership Psychology* provides value uncovered by a collaboration of generalists and specialists who bring professional managerial and leadership opinions to light through narratives and research inclusive of fundamental theory principles that can be applied in practice and academia This edited reference is focused on the enhancement of management research through managerial psychology while highlighting topics including business process knowledge management in diverse discipline situations and professions corporate leadership responsibility leadership of self and others and leadership psychology in a variety of different fields of work This book is ideally designed for leadership and management professionals academicians students and researchers in the fields of knowledge management administrative sciences and management leadership development education and organization development sub branches or specialty practices

Identification and Characterization of Molecular Targets in Hepatocellular Carcinoma

Vinay Kumar, Surendra Kumar Shukla, 2023-07-21 the field of oncology and is the most common form of liver cancer In some cases HCC can be treated through surgery and ablations but can be extended to a full transplant Risk factors for HCC have been elucidated in previous years linking hepatitis viruses diabetes and alcohol dependent conditions to the pathogenesis of HCC Given the prevalence of HCC in global populations currently 800 000 new cases per year and rising there is a requirement to identify molecular targets in HCC and develop new therapeutic strategies to manage and treat HCCs New technologies and techniques including gene sequencing bioinformatics and liquid biopsy have helped identify molecular and genetic players involved in the development of HCC As such a comprehensive genetic immune signature of HCC would be invaluable in the development of new therapeutics and treatment strategies as well as early identification and management of HCC There are currently various trials that implement a combination of already approved drugs to better the prognosis of patients suffering from HCC There is however still room for improvement and as our understanding of the various factors involved in HCC improves so will the prognosis of patients suffering from HCC globally This Research Topic aims to highlight the molecular and genetic targets that lead to the progression of Hepatocellular Carcinoma We welcome Original Research Reviews and other article types

The Marduk Letters

Wilbur Reid, 2022-09-01 Our Father Below is pleased with the work of the demons in the Lowerarchy of hell to create division and contention among the people of Earth in the twenty first century However he is angered by the growing interest in the ideas of humility and zeal that Christian leaders have discovered in the Enemy's two thousand year old propaganda These ideas have been formalized into two related abhorrent concepts servant leadership and level 5 leadership Servant leadership describes individuals who begin with a natural desire to serve first and then conscious choice causes them to aspire to lead Level 5 leadership from Good to Great by Jim Collins combines the paradoxical blend of humility and zeal Marduk a thoroughly ruthless and cruel demon mentors his naive and hapless nephew Slugtoad Marduk assigns Slugtoad to a male and a female patient in America who have the potential to be strong Christian leaders In his letters Marduk advises Slugtoad to guide the patients away from effective leadership The first

section of the book is comprised of the Marduk letters while the second section provides the scholarship and research of servant and level 5 leadership
