The Liberal Media Industrial Complex Mark Dice, 2019-11-12 The media used to mean television radio newspapers and magazines but today it largely involves social media which has swallowed up all of these other forms and is now controlled by a small group of Silicon Valley titans who decide what billions of people are able to see and hear online The convergence of old technology and new has centralized unimaginable power into the hands of a few gigantic corporations that now dictate how we communicate with each other and perceive the outside world Media analyst Mark Dice details how the rise of social media that tipped the balance of power regarding the production and distribution of information has also resulted in a massive backlash from those conspiring to regain the influence they once held Now conservatives are experiencing widespread censorship as the tech giants scramble to put the genie back in the bottle The liberal media has launched an information war against President Trump and his

supporters and are using their monopolies to manipulate public opinion in order to further their aims of a socialist revolution
