Department of Education,2016 Change Leadership in Emerging Markets Caren Brenda Scheepers,Sonja Swart,2020-08-03 Based on neuroscience research this book presents and demonstrates a Ten Enablers model as a framework to help change leaders successfully lead and manage change It focuses on the execution of change processes within volatile and challenging emerging markets with high growth potential The book first presents the organizational development and change research on which the model is based and discusses the basic neuroscience principles It then introduces a systematic model of the ten enablers taking readers through the process of change from considering the ethos prior to embarking on it including engagement of stakeholders up to the final phase where change leaders exit the process or the organization It highlights this circular process through several step by step illustrations supported by examples from emerging markets Further it includes neuroscience research and principles to help leaders understand and manage change in themselves and others This well researched and practical book is a valuable resource for students and professionals alike

**Better Choices** Greg Mills, Mcebisi Jonas, Haroon Bhorat, Ray Hartley, 2022-04-01 A must read accessible and skilful account of South Africa's socio-economic challenges, policy and governance choices. THEMBA MASEKO All the numbers on South Africa's crisis dashboard are blinking red. The economy is failing to grow and more and more young people find themselves on the outside looking in as education falters and jobs disappear. Energy and transport are in crisis. Governance is floundering as debt mounts and government runs out of money. *Better Choices* is a collection by South Africa's top thinkers on the political economy providing an unflinching account of the myriad challenges the country faces. The picture that emerges is of a nation on the brink of a catastrophic slide into failure unless better, if tough, policy choices are made. As stark as these problems are, their solutions are tantalisingly close at hand. The chapters in this book outline exactly the solutions, those better choices that need to be made by leadership to alter the country's bleak trajectory. South Africa cannot talk its way out of trouble. Key to success is removing the sources of friction: the red tape over regulation and rents that slow down investment. This is only possible if a more effective, focused government acts decisively. Compiled by The Brenthurst Foundation, Africa's leading think tank on economic development. *Better Choices* is for those who want to build a positive, inclusive future for South Africa. *Annual Performance Plan ...* Mpumalanga (South Africa). Department of Social Development, 2015. *Annual Report ...* South Africa. Department of Higher Education and Training, 2016.
