- In a pedigree, a square represents a male. If it is darkened he has hemophilia; if clear, he had normal blood clotting.
  - How many males are there? 8
  - How many males have hemophilia? 3
- A circle represents a female. If it is darkened, she has hemophilia; if open she is normal.
  - How many female are there? 8
  - How many females have hemophilia? 2
- A marriage is indicated by a horizontal line connecting a circle to a square.
  - How many marriages are there? 3
- A line perpendicular to a marriage line indicates the offspring. If the line ends with either a circle or a square, the couple had only one child. However, if the line is connected to another horizontal line, then several children were produced, each indicated by a short vertical line connected to the horizontal line. The first child born appears to the left and the last born to the right.
  - How many children did the first couple (couple in row I) have? 2
  - How many children did the third couple (couple in row III) have? 7
- Level I represent the first generation, level II represents the second generation.
  - How many generations are there? 4
  - How many members are there in the fourth generation? 7
