Learning to See Howard Brandston, 2017-05-09 **Alexandra's DragonFire**, **Learning to See Creatively** Bryan Peterson, 2003-10-01 Almost everyone can see in the conventional sense but developing photographic vision takes practice. *Learning to See Creatively* helps photographers visualize their work and the world in a whole new light. Now totally rewritten, revised and expanded, this best-selling guide takes a radical approach to creativity. It explains how it is not some gift only for the chosen few but actually a skill that can be learned and applied. Using inventive photos from his own stunning portfolio, author and veteran photographer Bryan Peterson deconstructs creativity for photographers. He details the basic techniques that went into not only taking a particular photo but also provides insights on how to improve upon it, helping readers avoid the visual pitfalls and technical dead ends that can lead to dull, uncreative photographs. This revised edition features the latest information on digital photography and digital imaging software as well as an all new section on color as a design element. *Learning to See Creatively* is the definitive reference for any photographers looking for a fresh perspective on their work. **Spirit Becomes Matter** Henry Staten, 2014-06-04 Explains how under the influence of the new mental materialism that held sway in mid-Victorian scientific and medical thought, the Brontës and George Eliot in their greatest novels broached a radical new form of novelistic moral psychology. **Reconnect with your light** Gabi Gal, *Reconnect with your Light* is a masterpiece from heaven explaining about the human life in all different stages of awakening and reconnection with your higher self. You will learn about the different experiences and overcoming life lessons, perceptions and challenges of common human life, learning to deal with energy sensitivity and your gifts of intuition, clairvoyance as well as higher discernment of materialization processes of the soul. www.reconnectwithyourlight.com to join our community. www.gabigal.se get to know more about the author's work. **In the Light of Truth** Abd-ru-shin, 1995-06 *The Light Of Truth* is a classic work that answers to questions which challenge between the years 1923-1938.
