## **Medicare Fee Schedule 2013 For Physical Therapy:**

*Documentation for Physical Therapist Practice* Jacqueline A. Osborne, 2015-07-31 *Documentation for Physical Therapist Practice A Clinical Decision Making Approach* provides the framework for successful documentation. It is synchronous with Medicare standards as well as the American Physical Therapy Association's recommendations for defensible documentation. It identifies documentation basics which can be readily applied to a broad spectrum of documentation formats including paper-based and electronic systems. This key resource utilizes a practical clinical decision-making approach and applies this framework to all aspects of documentation. This text emphasizes how the common and standard language of the Guide to Physical Therapist Practice and the International Classification of Functioning Disability and Health (ICF) model can be integrated with a physical therapist's clinical reasoning process and a physical therapist assistant's skill set to produce successful documentation. Includes content on documentation formations: Initial Evaluations, Re-examination Notes, Daily Notes, Conclusion of the Episode of Care, Summaries, Home Exercise Program, Reviews. All the important issues related to style types of documentation and utilization of documentation. Covers documentation relevant in different settings: inpatient, home health, skilled nursing facility, outpatient. Helps students learn how to report findings and demonstrate an appropriate interpretation of results. Includes up-to-date information in line with APTA Guidelines for Defensible Documentation, World Health Organization International Classification of Functioning Disability and Health, Mode and Medicare Reviews, electronic documentation, ICD-9, ICD-10, and CPT codes. Includes important chapters on Interprofessional Communication, Legal Aspects, Principles of Measurement.

**Documentation Basics for the Physical Therapist Assistant** Mia Erickson, Rebecca McKnight, 2024-06-01 Complete and accurate documentation is one of the most important skills for a physical therapist assistant to develop and use effectively. The new Third Edition of *Documentation Basics for the Physical Therapist Assistant* continues the path of teaching the student and clinician documentation from A to Z. Mia Erickson and Rebecca McKnight have updated this Third Edition to reflect changes in the ever-evolving profession. Newly addressed are the changes in documentation requirements for major payers, changes in the disablement models used, and the increasingly common use of electronic documentation in the physical therapy profession. Features inside the Third Edition: Readers are encouraged to think about disablement and disablement concepts when writing notes. How to document impairments in body structure and function but more importantly activity limitations and participation restriction. Descriptions of the differences in documentation methods using a computer vs. paper chart. Evidence tied to benefits and challenges of computerized documentation. Documenting the rationale for treatment and the unique skills of the physical therapist assistant in patient management. New inside the Third Edition: Incorporation of the International Classification of Functioning Disability and Health disablement model. Chapter on electronic documentation. Screenshot examples of the popular WebPT electronic medical record platform. Updated chapters on reimbursement and legal issues. Additional examples for student practice.
