

Thompson Health Medication Study Guide for Nursing Candidates

Thank you for your interest in employment with Thompson Health. As part of the screening process, all nursing candidates must pass a standardized medication exam before they begin employment. The timing of the exam may vary, but usually occurs on the same day as your physical with Employee Health. Your Recruiter will assist with coordinating this schedule.

Exam Specifics:

The exam we use is from C-NET (Center for Nursing Education and Training) and is the most recent version that was updated in 2011 (Form #1411). If you have taken this version and can provide documentation of your passing result, you may not be required to re-test.

The exam consists of 3 (three) sections:

- Medication Knowledge (35 questions)
- Safety in Medication Administration (15 questions)
- Medication Calculations (10 questions)

Up to 90 minutes will be provided for the exam. When you have finished, a drug resource guide, provided by Thompson Health, will be made available for 15 minutes before you hand in your exam. You may bring a calculator to use for the calculations, and a pen or pencil but no other resources are allowed.

Passing results are required for employment:

There will be 4 separate scores for the exam; the overall score and the 3 separate scores from the sections noted above. Candidates will need to pass *each* section with a score of 80.

If a passing score is not achieved with the first exam, remediation will be provided. Candidates will then have 5 business days to re-take a similar exam. If a passing score is not achieved with the second exam, the candidate will no longer be considered for employment.

Study Necessity:

This study guide is meant to reduce anxiety and to provide a rough guide for information covered in the exam. This is a general medication exam taken by all nurses regardless of specialty area. All Candidates are strongly encouraged to spend at least 3 hours reviewing this study guide. Nurses who have been out of practice, who have not recently worked in direct patient care, or who provide specialized care are especially encouraged to review.

I speak for all of us at Thompson Health as I wish you well on your screening process!

Best regards,
