Interrogating Motherhood Lynda R. Ross, 2016-12-30 It has been four decades since the publication of Adrienne Rich s *Of Woman Born* but her analysis of maternity and the archetypal Mother remains a powerful critique as relevant today as it was at the time of writing It was Rich who first defined the term motherhood as referent to a patriarchal institution that was male defined male controlled and oppressive to women To empower women Rich proposed the use of the word mothering a word intended to be female defined It is between these two ideas that of a patriarchal history and a feminist future that the introductory text *Interrogating Motherhood* begins Ross explores the topic of mothering from the perspective of Western society and encourages students and readers to identify and critique the historical social and political contexts in which mothers are understood By examining popular culture employment public policy poverty other mothers and mental health

Interrogating Motherhood describes the fluid and shifting nature of the practice of mothering and the complex realities that define contemporary women's lives A Spoonful of Sugar Liz Fraser, 2010-07-15 Timeless wisdom for modern mothers

Smyth, 2012-04-11 Drawing on qualitative interviews with forty middle class mothers living in Northern Ireland and the US this book explores the strategies women adopt as they take on and creatively re-make motherhood in ways which allow them to cope The Star and Celebrity Confessional Sean Redmond, 2013-10-18 In this book the different manifestations meanings and processes of the star and celebrity confessional will be explored The confessional is taken to be any moment in which a star celebrity or fan engages in revelatory acts that are considered to be authentic heart-felt and honest These confessional encounters can take place in an interview through performance and presentation events online and in unscripted encounters A star may break down in tears or reveal a previously unknown truth about their private life However this authenticity is often found to have been manufactured or is timed to occur against a new release or product launch Alternatively the desire to confess may be seen to draw attention to the centrality of pseudo forms of emotion in contemporary culture and the obsessional behaviour it produces In this book authors consider acts of confession by celebrities such as Tom Cruise Michael Jackson Jade Goody Britney Spears Sarah Jessica Parker Tracey Emin and Russell Crowe Mothering in the Age of Neoliberalism Giles Melinda Vandenbeld, 2014-03-01 Neoliberal policies and austerity measures have unequivocally altered the landscape of women's lives globally The most detrimental effect has been on mothers as they are faced with increasing responsibility and decreasing resources Despite mothers being the primary producers consumers and reproducers of the neoliberal world their centrality has been largely silenced within economic discourse Thus Mothering in the Age of Neoliberalism calls for a new economic framework to counter the individualized neoliberal model one in which the needs of mothers and children are prioritized This volume provides a crucial starting point By identifying the sources of neoliberal failure toward mothers we can begin to collectively formulate an alternative paradigm in which mothers' voices are no longer rendered invisible but rather predominate in the global landscape **The**
