My Brother A Different Shade Of Me:

My Different Shades of Black Nicolle Golding, 2021-12-09 My Different Shades of Black The Beginning is the introduction of a three part fictional trilogy It sets an extensive foundation for an astonishing adventure As readers journey through this fantastic voyage they learn early on that this story has several dimensions The book is about an African princess named Anyalla who travels through time Leaping from one body to the next she experiences life from a remarkable lens At a very tender age and learning on the go She becomes a student in the school of life Her first leap almost kills her but her last leap became the most historical event of the century As a former president of the United States Anyalla Kaiko Mugabe tells the story of her triumphant years How an ancient tribal princess from Zimbabwe transforms into the first female black president of the United States The Queen of the south gave up her throne and went on to become one of the most influential women that ever lived Her eight year reign as president was not only a monumental elevation for mankind but the decisions that she makes in this significant place of power changed the entire world as we know it The missing key is only revealed in book three My different Shades of Black The Color of Purpose However book one sets the tone for an unbelievable and extraordinary ride Due to her humble beginnings as a warrior princess her innate ability to fight for what is right surfaced every time she was faced with adversity She never gave up on life love or people Overcoming trauma became her strong suit and God gave her the strength she needed to keep going when times got hard As she repeatedly discovers that love is truly the cure for all things her superpowers are distinctively revealed over time Embracing the spiritual aspects made each voyage unique with breath taking pivotal moments My Different Shades of Black True Colors Book 2 Coming soon Annual Report Of The Board Of Regents Of The Smithsonian Institution Smithsonian Institution, Smithsonian Institution Press (Washington, 1867 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Different Shades Of Love...** Jaya Mishra, 2020-12-13 I never expected myself to become a writer neither I was an avid reader But one thing that triggered me to write this book was my disposition towards sexuality when I was in the first year of my graduation So I decided to explore more about this unexplored arena unaware of the fact that I was entering the grey shade that existed

in the world centuries ago but hardly people talked about it Even now too most people avoid talking about sexuality Well the more I probed into this the deeper I dived into it I came across many factors that I thought to put into words and let the world know about the darker side of this arena called sexuality So what now you are holding in your hand is something not filled with several colors but it definitely has some shades And I urge you not to judge the characters without keeping yourself in their shoes This book will take you to the world which you might have heard about it but have not observed it yet Remember Love is love and it needs not any validation about your attributes or your professed sexuality

The Real Interior Nthabi Taukobong,2019-05-01 In my own home is where my journey of healing began NTHABI TAUKOBONG The Real Interior not only allows the reader a behind the scenes peek into the glitz and glamour of design and decor but into a career once never considered an option for a young girl born in Soweto As one of the first black and very recognisable faces of Interior Design in Africa Nthabi Taukobong was thrust into the limelight from the very start of her profession Spanning a career of more than 23 years she has worked on esteemed residential and leisure projects for presidents African royalty captains of industry and five star hotels to name but a few Through the rough and often very challenging terrain of her chosen career sprinkled generously with the high end glamour of prestigious interiors that Nthabi has been privileged to work on she learned that she in fact had to be seated right within her own interior before she could offer anything further to those in search of her

creative gift And as she searched and explored the greater world of design trying to grasp what it really took to be an esteemed designer the journey unexpectedly brought her right back into her own home Not only Nthabi's physical home but also to her inner home the place that she refers to as her real interior It was in writing a letter one evening congratulating herself on reaching the milestone of 21 years in her career that Nthabi discovered she was not only writing to herself but to every creative Her letter ended up being an entire book and Nthabi finally understood how her unique story could inspire and encourage others
