**My Daddy Has Ptsd** Harmon Casey Sean, 2015-02-17 Casey Sean Harmon spent seven years on a unit ministry team in the US Army where he witnessed the effects that PTSD has on soldiers and their families He wrote My Daddy has PTSD for his son shortly after he himself was diagnosed with the disorder Back cover *My Daddy Has PTSD* James Rosone, Miranda Watson, 2022-03-30 PTSD is a very serious condition that affects many veterans and other individuals It can have an impact on the entire family including the children This book follows a little girl and her Daddy to explain what PTSD is to a child It aids in building empathy for the condition and opens the door to helpful conversations My Daddy Has Ptsd Regina Griffin Burch, 2014-04-15 The goal of My Daddy Has PTSD is to provide support and promote outreach for veterans and their families as they cope with the symptoms of Post Traumatic Stress Disorder Full color photos on 52 pages explore the daily life of a young child with strategies to support and solve difficulties that the family experiences due to PTSD symptoms Vets to Vets United a dog training group providing companion dogs for disabled veterans will benefit from the sale of this book

The Invisible Trauma David Morgan, 2022-06-01 In any war the health of a fit soldier can drastically change in an instant and so it was for the men and women in the Vietnam war While the consequences of major physical injury from a high velocity gunshot wound or from shrapnel from an exploding anti personnel mine or from the explosive effects of an artillery shell or mortar were obvious the effects of psychological injury were not Adverse psychological effects resulting from war have been known for many years and labels such as Shell Shock or Battle Fatigue were applied However since the Vietnam experience and subsequent research those adverse psychological effects are now known as Post Traumatic Stress Disorder PTSD can result from experiencing a near death incident or the violent injury or death of a mate or from treating the major wounds of battle casualties A high percentage recover from the acute effects of psychological injury but for many the experience may be the start of a chronic disorder that can affect the well being of sufferers for the remainder of their lives Dave Morgan gives a detailed and clear account of his battle with PTSD He describes his traumatic experience in Vietnam and how PTSD gradually emerged after his return to Australia He experienced negative thinking confusion intense anger alcohol abuse and thoughts of suicide This caused great distress He expresses his experience and that of his family frankly and opens a window to understanding the problems of a man suffering from PTSD In this he has made a valuable contribution and his book adds value to those who are interested in this chronic disorder There is no completely effective treatment for PTSD but people like Dave Morgan are doing all they can to reach that goal Growing Up in Armyville Deborah Harrison, Patrizia Albanese, 2016-10-29 It was 2006 and eight hundred soldiers from the Canadian Armed Forces CAF base in pseudonymous Armyville Canada were scheduled to deploy to Kandahar Many students in the Armyville school district were destined to be affected by this and several subsequent deployments These deployments however represented such a new and volatile situation that the school district lacked as indeed most Canadians lacked the understanding required

for an optimum organizational response Growing Up in Armyville provides a close up look at the adolescents who attended Armyville High School AHS between 2006 and 2010 How did their mental health compare with that of their peers elsewhere in Canada How were their lives affected by the Afghanistan mission at home at school among their friends and when their parents returned with post traumatic stress disorder How did the youngsters cope with the stress What did their efforts cost them Based on questions from the National Longitudinal Survey of Children and Youth administered to all youth attending AHS in 2008 and on in depth interviews with sixty one of the youth from CAF families this book provides some answers It also documents the partnership that occurred between the school district and the authors research team Beyond its research findings this pioneering book considers the past present and potential role of schools in supporting children who have been affected by military deployments It also assesses the broader human costs to CAF families of their enforced participation in the volatile overseas missions of the twenty first century [PTSD My Story, Please Listen!](#) Curtis Butler III,2010-05-28 This book was written by a Soldier with Post Traumatic Stress Disorder PTSD dealing with his daily struggles with this disorder or in his words trying to rid the dancing devils in my head Post Traumatic Stress Disorder is about the silent trauma from which our soldiers are suffering and the author s own experience Symptoms of PTSD include flashbacks intrusive emotions bad memories nightmares explosive outburst and irritability The author will describe how he deals with PTSD and provide tips that helped him cope with this disorder [Rebels](#) David Liss,2016-09-20 When Zeke returns to space to go on a secret mission for the director of the Confederation of United Planets chaos ensues *No Mercy Vol. 2* Alex De Campi,2016-06-08 Lost in Central America after an accident nine teens begin to find their way home and into more trouble Collects NO MERCY 5 9 **No Mercy #9** Alex De Campi,2016-04-13 Flashback issue Charlene s parents make inadvisable schooling decisions **How Not to Date a Pop Star** Jada Trainor,2023-07-11 Aaliyah Preston and Tyler Moore were best friends growing up Tyler played and wrote music and Aaliyah brought that music to life through dance They were convinced their lives would change forever after entering a TV talent show but when Aliyah s mom ended up in hospital Tyler had to go alone and won Suddenly he was thrust into the spotlight while she was left behind in their small seaside town Several years later Tyler is the hottest pop star on the planet and Aaliyah has her heart set on following in her mom s footsteps and attending the Boston Conservatory to study dance However her future becomes hazy when Tyler suddenly comes back home and wants to make up for all the years they lost and even plan a future that includes the two of them together While Tyler may have a lavish lifestyle and fans all the world over he isn t happy What he really wants is a chance at a normal life and he wants Aaliyah to be part of that life However family drama including long buried secrets about both of their fathers threaten any plans for their futures But like the best pop songs when the music and the lyrics come together everything works in perfect harmony Tyler and Aaliyah will need to write a new duet without giving up on their dreams **Everyday Trauma** Tracey Shors, PhD,2021-12-14 A neuroscientist explores how trauma impacts the brain especially for women and how we can learn to heal

ourselves Everyone experiences trauma Whether a specific harrowing event or a series of stressful moments that culminate over time trauma can echo and etch itself into our brain as we remember it again and again throughout our lives In Everyday Trauma neuroscientist Dr Tracey Shors examines trauma with a focus on its pervasive nature how it can happen at any time through big or small events and how it often reappears in the form of encoded memory Her research reveals that when we are reminded of our trauma reliving that tragic moment copies yet another memory of it in our brain making it that much more difficult to forget Dr Shors also explores the neuroscience behind why women in particular are more vulnerable to stress and traumatic events setting them up to be three times more likely than men to suffer PTSD With potential long term consequences such as addiction anxiety depression and PTSD trauma can have a lasting impact on both the brain and body Dr Shors illuminates the effective tools that can reduce the repetitive thoughts that reinforce our traumas including cognitive based therapies and trauma informed care such as her own groundbreaking program a combination of mental and physical training called MAP Training By understanding how our brain responds to trauma and practicing proven techniques that can train our brains and help us let go of our tragic memories whatever they may be we are better equipped to leave our traumatic pasts behind and live in a brighter present
