AN EIGHTEENTH-CENTURY BIOGRAPHY OF ARTEMISIA GENTILESCHI

Jesse Locker

It has long been a source of frustration to those interested in the Baroque painter Artemisia Gentileschi that one of her few early biographies leads the reader to what is little more than a tantalizing dead end. The biography in question is Alessandro da Morrona's *Pisa illustrata nelle arti di disegno*, a defense of the city's position in the history of art, which concludes its account of Artemisia's life with the surprising claim that the author learned where the artist had been buried from "Signore Averardo de' Medici nel tomo IV. di più *Uomini Illustri Pisani*."¹ This reference has puzzled scholars, for, although the Florentine patrician Averardo de' Medici (died 1808) was indeed a writer and owned a painting by Artemisia—a *Susanna and the Elders*, mentioned in several eighteenth-century sources—none of his writings appear under such a title. In fact, they have nothing to do with Pisa or painting at all and are instead collections of verse, reflections on literary themes, or translations of ancient poetry.²

Da Morrona, it seems, merely garbled his source's title beyond recognition. The text that he intended to cite is an essay by Medici entitled "Artemisia Gentileschi," which appears in the fourth volume of *Memorie storiche di più uomini illustri pisani*, an anthology published in Pisa in 1792 and edited by Angelo Fabroni (Fig. 1).³ Given da Morrona's muddled citation, not to mention the fact that Artemisia was neither Pisan nor a man, the work has remained outside of the

Gentileschi literature for nearly two hundred years. Medici's essay is interesting on a number of fronts. First, it provides firsthand descriptions of several lost but formerly highly regarded works by Artemisia. Second, it casts new light on the mystery of her reputed burial in the church of San Giovanni dei Fiorentini in Naples. Finally, it provides a glimpse into a long-forgotten period, comprising much of the eighteenth century, when Artemisia's fame reached unexpected heights.

Biographical information about Averardo de' Medici is scarce.⁴ The head of a large and illustrious family, he had three sons and four daughters with his wife, Livia, daughter of the senator Filippo Guadagni. In addition to his fame as a writer, Medici was apparently considered an authority on Artemisia Gentileschi, a reputation that must have stemmed from his ownership of a *Susanna and the Elders* by the artist—a work that is now lost but was well known to eighteenth-century Tuscans.⁵ It was undoubtedly for this reason that the editor, Angelo Fabroni, asked him to contribute an essay on Artemisia to the *Memorie storiche di più uomini illustri pisani*.⁶ Fabroni was one of the leading figures of Tuscan intellectual life in the eighteenth century, an author and editor, a friend and correspondent of Giovanni Gaetano Bottari, and an acquaintance of Diderot and Rousseau.⁷ The *Uomini illustri pisani*—like Fabroni's better-known project, the *Giornale de' Letterati di*

Form and Purpose in Boswell's Biographical Works William R. Siebenshuh, 2023-04-28 *Form and Purpose in Boswell's Biographical Works* provides a detailed comparative analysis of James Boswell's three major biographical works: *The Life of Johnson*, *The Tour to the Hebrides*, and *The Account of Corsica*. Through this examination, the book challenges the traditional view that Boswell's biographical method developed in a simple linear progression from one work to the next. It argues that each of these works represents a distinct artistic achievement, with Boswell consciously shaping and organizing his factual materials in ways that go beyond mere documentation. The book demonstrates that Boswell's talent as a biographer was not limited to presenting facts but involved a sophisticated process of interpretation and organization, especially evident in *The Life of Johnson*, where his portrayal of Johnson's character is built around a cohesive narrative structure. The study also highlights how Boswell's approach to biography evolved depending on the subject and context of each work. In *The Account of Corsica*, Boswell uses a propagandistic approach to portray Paoli, employing different dramatic techniques than those he used in later works. In contrast, *The Tour to the Hebrides* presents a more static image of Johnson, focusing on his public persona in unusual and often humorous contexts but without delving into his complex character as Boswell did in *The Life of Johnson*. By comparing these works, the book offers a fresh perspective on Boswell's artistic abilities, demonstrating that he was a far more deliberate and interpretive biographer than previously acknowledged, capable of creating unified and compelling portraits of his subjects. Melancholy and Literary Biography, 1640-1816 J. Darcy,2013-06-25 This book traces the development of literary biography in the eighteenth century how writers melancholy was probed to explore the inner life Case studies of a number of significant authors reveal the 1790s as a time of biographical experimentation Reaction against philosophical biography led to a nineteenth century taste for romanticized lives **An Administrative Bureau During the Old Regime** Harold Talbot

Parker,1993 This scholarly work throws light on the qualities of the French royal administration during the reign of Louis XVI which was one of the most enduring legacies of the French monarchy to later regimes and on the relations of that administration to the French economy and people In the Controller General s department the Bureau of Commerce was the center of administrative thought about the relations of the French royal government to French industry Through a flow of activity flow of consciousness narrative author Harold T Parker seeks to discover and to communicate how the Bureau s four executive intendants of commerce individually and collegially operated during twenty nine months in routine performance and in the management of two major crises the mass mutiny of most French textile artisans against the Bureau s new textile regulations and the developing surge of British inventions productivity and competitiveness especially in textiles and iron and steel This book thus bears on the nature of the royal administration on the eve of the French Revolution It tends to confirm and illustrate the thesis advanced in other monographs that except in the realm of financing the deficit Louis XVI was a dutiful and reasonably successful administrative monarch He appointed professionals to head his major administrative departments War Army Navy Foreign Affairs and Controller Generalcy He himself did his part in hearing reports and reaching decisions and together with his ministers and their subordinate civil servants he was restoring French strength in the army navy foreign affairs and administrative industrial effort Not only were the four intendants hampered by the two crises in industry but also by the encrusted legal legacy of multitudinous privileges of provinces towns clergy nobles semipublic agencies Farmers General and other ministerial departments Nevertheless in their own minds the intendants thought they were making solid advances toward the development of a balanced French economy The response of the French people it seems varied Between the managers at the center of legal authority and power and the subordinate subjects the relationship was not necessarily one of automatic obedience to royal command Rather there was often a gray zone of stalling and negotiation always with the lurking possibility of successful defiance of any royal order Dr Parker s study is also a quiet comment on how narrative history ought to be written Most narrative historians purport to represent symbolically what

actually happened yet they introduce a degree of narrative order and abstraction that never existed History is actually often meandering and frequently a surprise and the narrative in this book tries to suggest that The account is therefore rich both in what it says and in what it suggests BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
