Being, Man, and Death James M. Demske,2014-07-15 Death a perennial problem for philosophers and theologians is especially crucial in the thought of Martin Heidegger This penetrating commentary presents the concept of death as a unifying motif that illuminates many of the difficulties and obscurities of

Heidegger's philosophy Heidegger comes to see death as revealing the ultimate meaning not only of human existence but of being itself. He thus confers upon the concept a force and sharpness an ontological depth which is found in perhaps no other philosopher. This study corroborates the much debated turning in Heidegger's philosophy. Derrida finds death to be the key not only to Heidegger's treatment of man and being but also the key to his shift of focus from man to being. All Heidegger's various approaches to the theme of death are considered: his existential phenomenological analysis of Dasein, his discussions of art, poetry, history and language, and his new phenomenological approach to the ordinary things of life. The author approaches Heidegger on his own terms, allowing the philosopher to speak for himself. The present reading of Heidegger grows smoothly out of Heidegger's own intentions. The result is a revealing study of Heidegger's philosophy in its entirety which answers some persistently perplexing questions about this difficult modern philosopher.

Let Me Game in Peace
Twelve-Winged Dark Seraphim, 2020-01-30 Webnovel provides the latest update of Let Me Game in Peace. 1 drop of blood, 1 Up. Other people game overnight, I game overnight and bleed. Ever since the dimensional storms descended upon Earth, numerous dimensional zones have appeared, bringing with them all kinds of dimensional creatures: Immortals, Buddhas, Devils, Angels, Elves, etc. Yet all these strange dimensional zones can turn into dungeon instances on my phone. Other people risk their lives adventuring; I spend all my time gaming. Monsters drop dimensional crystals that boost stats, imbue new skills, and join me as Companion Beasts. These Companion Beasts fight alongside me or alone, augmenting me with their skills and strength. Rare monsters in real life, I'll just restart the game with a drop of blood to grind it. I really need a blood transfusion; we both know that no one is going to mate with me, and even if they did, they would just reject me anyway. What is the sexy brooding Alpha going to do? The elders are making him hold these ridiculous parties to search for a mate. He doesn't want a mate, but he knows he needs a mate to finish the Alpha Circle. Without a mate, a Luna for the pack, his people would suffer. And what is he going to do when he stumbles across the girl that fate has chosen for him and he finds out she has no wolf? This cannot be. I roared. There is no way that I can mate with a girl that does not even have a wolf. She will be too weak. She will be inferior. She will not be strong enough to be a Luna. I simply could not accept her as my mate. Not fully. It wasn't safe for her. She would get herself killed, and she would bring my pack down with her. When these two meet, sparks will surely fly. But will it be from passion or their constant fighting? Neither of them wanted a mate. Neither of them wants the mate that fate chose for them. And neither of them can make that mate bond go away. What are they going to do now that they're literally stuck with each other?
