Asset-Liability and Liquidity Management Pooya Farahvash,2020-06-16 Asset Liability and Liquidity Management distills the author s extensive experience in the financial industry and ALM in particular into concise and comprehensive lessons Each of the topics are covered with a focus on real world applications based on the author s own experience in the industry The author is the Vice President of Treasury Modeling and Analytics at American Express He is also an adjunct Professor at New York University teaching a variety of analytical courses Learn from the best as Dr Farahvash takes you through basic and advanced topics including The fundamentals of analytical finance Detailed explanations of financial valuation models for a variety of products The principle of economic value of equity and value at risk The principle of net interest income and earnings at risk Liquidity risk Funds transfer pricing A detailed Appendix at the end of the book helps

novice users with basic probability and statistics concepts used in financial analytics *Corporate Governance, Capital Markets, and Capital Budgeting* Baliira Kalyebara, Sardar M. N. Islam, 2013-07-31 The primary contribution of this book is to integrate the important disciplines which simultaneously impact the investment appraisal process The book presents a study that develops a new approach to investment appraisal which uses a multiple objective linear programming MOLP model to integrate the selected disciplines which include capital markets corporate governance and capital budgeting The research covers two case studies one in the e commerce sector and another in the airline industry in which the above disciplines are integrated Readers from the areas of corporate governance regulation and accounting would find the survey of different approaches and the new integrated optimization approach particularly useful **Corporate Citizen** Oonagh E. Fitzgerald, 2020-10-06 The contributors to Corporate Citizen explore the legal frameworks and standards of conduct for multinational corporations In a globalized world governed by domestic and international law these corporations can be everywhere and nowhere at once reaping financial benefits and enjoying the protections of investor state arbitration but rarely being held accountable for the economic environmental and human rights harms they may have caused Given the far reaching power and success of the transnational corporation and the many legal tools allowing these companies to avoid liability how can governments protect their citizens Broad ranging in perspective colourful and thought provoking the chapters in Corporate Citizen make the case that because the success of corporate global citizenship risks undermining national and international democratic governance the multinational corporation must be more closely scrutinized and controlled in the service of humanity and the protection of the natural environment **Business Information Sources** Lorna M. Daniells, 1976-01-01 Annotated bibliography and guide to sources of information on business and management includes material relating to accounting taxation computers and management information systems insurance real estate business marketing personnel management labour relations etc *Essentials of Corporate Finance* Stephen Ross, 2017-02
