Compliance Michael Chak Sham Wong, 2011-07-29 In the aftermath of the financial crisis of 2008 many financial institutions have been exploring new methods to measure investment product risk. Lawmakers have been developing new rules that protect investors better than before. The purpose is to mitigate the risk of financial institutions that distribute investment products to their clients. This book presents professional views on investment product risk and analyzes complex investment product risk from various perspectives. Contributed by lawyers, risk managers, IT engineers, and scholars, this book is an essential read for financial regulators, bankers, investment advisors, financial engineers, risk managers, students, and researchers.

Mastering International Trade Akgun, Mutlu, 2023-10-12 This comprehensive guide is designed to provide you with the knowledge and tools to effectively manage and execute international trade. It is divided into three sections, each of which provides you with a detailed overview of the most important aspects of international trade.

**International Investment Management** Kara Tan Bhala, Warren Yeh, Raj Bhala, 2016-04-14 International Investment Management: Theory, Practice, and Ethics synthesizes investment principles, Asian financial practice, and ethics reflecting the realities of modern international finance. These topics are studied within the Asian context, first through the medium of case studies and then via the particular conditions common in those markets, including issues of religion and philosophy. This book has a three-part structure, beginning with the core principles behind the business of investments, including securities analysis, asset allocation, and a comprehensive analysis of modern finance theory. This gives students a comprehensive understanding of investment management by going through the theories, ethics, and practice of investment management. This text provides a detailed overview of International Banking Law and International Securities Regulation alongside legal and ethics case studies, which are located in the practice section of the book. This book is an essential text for business and law school students who wish to have a thorough understanding of investment management. It is also perfect as a core text for undergraduate finance majors and graduate business students pursuing a finance and/or business ethics concentration with particular focus on Asia.

**Rapid Modelling and Quick Response** Gerald Reiner, 2010-09-16 Rapid Modelling and Quick Response presents new research developments in the fields of rapid modelling and quick response, linked with performance improvements based on lead time reduction, etc., as well as financial performance measures. The papers and teaching cases in this book were presented at the second Rapid Modelling Conference: Quick Response Intersection of Theory and Practice. The main focus of this collection is the transfer of knowledge from theory to practice, providing the theoretical foundations for successful performance improvement. This conference volume challenges the traditional notions of rapid modelling and offers valuable contributions to the scientific communities of operations management, production management, supply chain management, industrial engineering, and operations research. Rapid Modelling and Quick Response will give the interested reader, researcher, as well as practitioner a good overview of new developments in this field.
