Ethiopian Orthodox Tāwahedo Church Christine Chaillot, 2023-11-06 Christine Chaillot s new book The Traditional Teaching of the Ethiopian Orthodox T wahedo Church Faith and Spirituality presents a topic that is little if at all known outside Ethiopia even in Christian circles Moreover it is a much neglected field in the wider study of African education It is a teaching based on ancient texts and books taught orally to the students who will become the future clergy and who will then share their knowledge with the faithful in Church life The studies of the different disciplines are pursued at different schools and at different levels in liturgy theology with commentaries of books Old and New Testaments books of the Church fathers and monks as well as composition of poems genes and iconography All this teaching presented in the present volume is deeply related to the faith and spirituality of the Ethiopian Orthodox Church This teaching is a unique intangible cultural heritage One wonders however what its future will be in the context of the modern educational methods and social attitudes

that have evolved in Ethiopia over the last half century Wolaitta Evangelists E. Paul Balisky,2009-09-01 This study presents the religious dynamics of the Wolaitta Kale Heywet Church in southern Ethiopia from 1937 to 1975 On the basis of detailed research from within southern Ethiopia E Paul Balisky demonstrates that the indigenous extension of the Wolaitta Christian movement into southern Ethiopia through the instrumentality of her evangelists helped Wolaitta regain her own religious center and subsequent identity after centuries of various forms of colonialism and imperialism Wolaitta Evangelists broadens one's understanding of how an imported model of Christianity provided religious answers to the ideals of a particular Ethiopian society and continues to motivate her members to evangelize The evangelists who went to people of similar culture and worldview were successful in effecting social change To ethnic groups who had moved beyond their former primal religions and to those of disparate culture the evangelists were those who scattered the seed and impacted the religious social economic and political life of southern Ethiopia Wolaitta Evangelists tells the story of how missionary activity played a role in Wolaitta once again becoming a people **Perception and Identity** Seblewengel Daniel,2019-10-14 Ethiopia is an icon of freedom and indigenous Christianity across Africa due to its historic independence ancient Christian identity and rich religious heritage However Ethiopia and its various Christian denominations have their own understandings of this identity and how these communities relate to one another In this detailed study Dr Seblewengel Daniel explores the perception and identity of the Ethiopian Orthodox Church and evangelical church in Ethiopia and examines the relations between the two Beginning with the earliest evangelical missionary engagement with the Orthodox church Dr Daniel skilfully uses historical and theological frameworks to explain the dynamics at play when approaching the relations over two centuries between these two churches and their respective communities Daniel ultimately emphasizes that what unites the Orthodox and evangelical church is greater than what divides namely an ancient faith in the triune God This important study urges both sides to place the Bible at the centre using it to understand their differences and challenges them to take responsibility for past negative perceptions in order to move forward together in greater unity and mutual respect **One Thousand Languages** Peter Austin,2008 Presents an overview of the living endangered and extinct languages of the world providing the total number of speakers of the language its history and maps of the geographic areas where it is presently spoken or where it was spoken in the past **Reading Hebrews and 1 Peter from Majority World Perspectives** Sofanit T. Abebe,Elizabeth W. Mburu,Abeneazer G. Urga,2024-09-19 The contributors to this volume offer a bold re-reading of Hebrews and 1 Peter from the perspective of the Global South The chapters provide enriching new hermeneutical and theological insights revealing facets of the text that may not at first be apparent to readers within a Eurocentric context The volume is thus able to explore topics ranging from the authorship of Hebrews in the Ethiopian Orthodox tradition and the Batak reading of Christus Victor to a Xhosa perception of the solidarity and sacrifice of Jesus and intercultural readings of Christian identity in the context of persecution With an introduction and final response by scholars from the Global North this

volume encourages awareness of how the Global South contributes to world Christianity

The Literary Imagination in Jewish Antiquity Eva Mroczek, 2016-05-05 Winner of the 2017 Manfred Lautenschlaeger Award for Theological Promise Winner of the 2017 The George A and Jean S DeLong Book History Book Prize The discovery of the Dead Sea Scrolls revealed a world of early Jewish writing larger than the Bible from multiple versions of biblical texts to revealed books not found in our canon Despite this diversity the way we read Second Temple Jewish literature remains constrained by two anachronistic categories a theological one Bible and a bibliographic one book *The Literary Imagination in Jewish Antiquity* suggests ways of thinking about how Jews understood their own literature before these categories had emerged In many Jewish texts there is an awareness of a vast tradition of divine writing found in multiple locations that is only partially revealed in available scribal collections Ancient heroes such as David are imagined not simply as scriptural authors but as multidimensional characters who come to be known as great writers who are honored as founders of growing textual traditions Scribes recognize the divine origin of texts such as Enoch literature and other writings revealed to ancient patriarchs which present themselves not as derivative of the material that we now call biblical but prior to it Sacred writing stretches back to the dawn of time yet new discoveries are always around the corner Using familiar sources such as the Psalms Ben Sira and Jubilees Eva Mroczek tells an unfamiliar story about sacred writing not bound in a Bible In listening to the way ancient writers describe their own literature rife with their own metaphors and narratives about writing *The Literary Imagination in Jewish Antiquity* also argues for greater suppleness in our own scholarly imagination no longer bound by modern canonical and bibliographic assumptions
