**Ethnic Groups of Cambodia: Profile of Austro-Asiatic-speaking peoples** Joachim Schliesinger, 2011      *Spirits and Ships* Andrea Acri, 2017-03-13 This volume seeks to foreground a borderless history and geography of South Southeast and East Asian littoral zones that would be maritime focused and thereby explore the ancient connections and dynamics of interaction that favoured the encounters among the cultures found throughout the region stretching from the Indian Ocean littorals to the Western Pacific from the early historical period to the present Transcending the artificial boundaries of macro regions and nation states and trying to bridge the arbitrary divide between inherently cosmopolitan high cultures e.g Sanskrit Sinitic or Islamicate and local or indigenous cultures this multidisciplinary volume explores the metaphor of Monsoon Asia as a vast geo environmental area inhabited by speakers of numerous language phyla which for millennia has formed an integrated system of littorals where crops goods ideas cosmologies and ritual practices circulated on the sea routes governed by the seasonal monsoon winds The collective body of work presented in the volume describes Monsoon Asia as an ideal theatre for circulatory dynamics of cultural transfer interaction acceptance selection and avoidance and argues that despite the rich ethnic linguistic and sociocultural diversity a shared pattern of values norms and cultural models is discernible throughout the region      **Doing "Gong Culture"** Hoai Tran, 2022 This book shows how the efforts of various actors in doing Gong culture contribute to preserving the intangible heritage of ethnic minorities in the Central Highlands of Vietnam Tran's research challenges the conventional perspective that views heritagization as a process of cultural appropriation in which local heritage practitioners become cultural proprietors who in UNESCO's view differ from culture carriers He shows that local artists actively engage with other actors in the heritage community thus contributing to the performance of a living image of the Space of Gong Culture on the heritage stage In this intangible cultural heritage practically all actors are culture carriers Drawing on long term fieldwork and placing the focus on human interaction Hoai Tran paints a very subtle and sophisticated picture of the heritage community and its actors in Vietnam's central highlands By investigating who is acting in and on the space of gong culture with what motivations interests intents or desires how they are doing so and how effectively this book arrives at new ways of thinking about heritagization in Vietnam Gabor Vargyas Research Center for the Humanities Budapest      **Ethnic Groups of Laos: Profiles of Austro-Thai-speaking peoples** Joachim Schliesinger, 2003      Arts of Asia , 2005
