Glick, 1999-01-01 Leonard B Glick recounts the history of the Ashkenazic Jewish experience in medieval western Europe from the fifth to fifteenth centuries focusing on interaction between Jews and Christians during this vital formative period He demonstrates that Ashkenazic Jewish culture was profoundly shaped and conditioned by life in an overwhelmingly Christian society Drawing on diverse Christian documents he portrays Christian beliefs about medieval Jews and Judaism with a degree of detail seldom found in Jewish histories Emphasizing social political and economic history but also discussing religious topics Glick describes the evolution of a complex inherently unequal relationship Because the Ashkenazic Jews of medieval Europe were ancestral to almost the entire Jewish population of eastern Europe their historical experience played a major role in the heritage of most Jewish Americans

La Cité du Logos: L'ecclésiologie de Clément d'Alexandrie et son enracinement christologique Léon-Ferdinand Karuhije, 2022-06-20 Clément d'Alexandrie 150-215 Ap J C est l'un des penseurs les plus brillants des premiers siècles chrétiens. Son enseignement tout autant pénétré de la Bible que de la pensée grecque nous révèle la nature des débats aux premières heures de l'expansion du christianisme. Ce livre aborde un sujet peu étudié ce jour, savoir sa pensée sur l'église. C'est pourtant un sujet récurrent de ses ouvrages où il réfléchit longuement sur l'église, partant de l'être et la mission du Logos divin. L'analyse du discours de Clément sur l'église permet donc de revisiter les intuitions principales de sa christologie tout en apportant un éclairage sur sa perception de l'identité chrétienne. Une époque où celle-ci est encore en construction. Clement of Alexandria AD 150-215 is one of the most brilliant thinkers of the early Christian centuries. His teaching steeped as much in the Bible as in Greek thought reveals to us the nature of the debates in the early days of the expansion of Christianity. This book deals with a subject little studied to this day, namely his thoughts on the Church. Yet it is a recurring subject in his works where he reflects at length on the Church from the point of view of the being and the mission of the divine Logos. Analysis of Clement's discourse on the Church therefore makes it possible to revisit the main intuitions of his Christology while shedding light on his perception of Christian identity at a time when it is still under construction.
