Floor Laminating Installer James Greek, 2014-12-26 If you're going to install a laminate floor and if you're not an expert there are a couple of things you need to and several of them are not all that obvious First off it is not the sort of task to take on yourself get at least one or two people to help you Most rooms are a good size and even a small room is going to require two to three planks in a row Well all of the joints have to be supported while you lock the new row into the old previous one There is no way to do that by yourself Read this book to learn how to install laminate floor

Black & Decker Wood Floors Editors of Cool Springs Press, 2017-05-15 A home guide to wood floors from flooring choices tools and prep work through installation and finishing

Floor Covering Weekly, 2006

Popular Science, 1965-09 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better

Remodeling Kitchens Creative Publishing International, 1998 Covering every stage of the remodeling process planning demolition installation of flooring countertops wiring plumbing cabinets and fixtures this handy resource contains more than 500 color photos

Basements Complete Steve Cory, 2018-03-27

Basements often get a bad rap They can be dark dank and depressing and are some of the most challenging spaces in a home to remodel But the rewards of tackling a basement remodel are potentially enormous transforming an otherwise ignored space into a bright open and usable asset perfect for a spare bedroom for guests a game room for the kids or a den for the adults In *Basements Complete* author Steve Cory covers the most popular remodeling approaches and projects for basements including information on preventing mold and mildew moving pipes up or over to make more headroom bringing more light into a dark space mitigating radon and sealing floors and walls Additionally some of the projects such as flooring plumbing and wiring apply to other rooms in the house but are treated here with an eye towards basement needs Though the book is largely how to it also explores some design and planning issues making it the truly complete reference title for all things basements With more than 700 photos 35 illustrations and clear step by step instructions *Basements Complete* is the only book that homeowners remodelers and builders will need to transform a damp basement into a warm addition
