English Language Learners in the Southeastern United States Ester J. de Jong,Eric Dwyer,Mary Elizabeth Wilson-Patton,2024-07-25 This book examines the impact of and response to the rapidly growing English language learner ELL populations in the southeastern United States on K 16 schooling Using examples of policy and practice from seven states Alabama Arkansas Florida Georgia North Carolina and Tennessee the book explores how the contemporary context of accountability regimes and neoliberal tenets affect educational responses to the increased linguistic and cultural

diversity in schools and how these realities may be different from when traditional states such as California or Florida were developing their responses to immigration. The collection of chapters addresses key questions of teacher preparation, effective infrastructures and frameworks for serving ELLs, dual language bilingual education and advocacy efforts at the state, district and local level in the Southeast. The authors describe promising practices in each state but also note the need for more systemic statewide approaches that resist the enduring monolingual discourse that has historically characterized much of ELL schooling. They call for transformative policies and practices that take current research into account and that stress the centrality of pluralistic principles to design effective schools for ELLs.

What do I study first

Read over the reviews and the suggestions for test taking

Studying the reviews thoroughly will reinforce the basic skills you will need to do well on the exam

Make sure to take the practice tests to become familiar with the format and procedures involved with taking the actual FTCE

To best utilize your study time follow our FTCE Independent Study Schedule located at the end of this chapter

The schedule is based on a seven week program but can be condensed to four weeks if necessary

When should I start studying

It is never too early to start studying for the FTCE

The earlier you begin the more time you will have to sharpen your skills

Do not procrastinate

Cramming is not an effective way to study since it does not allow you the time needed to learn the test material

Format of the FTCE

The Professional Education Test features 120 questions designed to assess your knowledge of the information described in the competencies included in our review sections

The test covers the 14 teaching competencies identified by the Florida Department of Education as foundational to effective teaching

Mastery of the content included in each of the competencies is gauged by one or more items on the examination

Individual test items require a variety of different thinking levels ranging from simple recall to evaluation and problem solving

The competencies are broad statements written in a way that reflect the information an entry level educator needs in order to be a truly effective teacher

Within the review section each competency is broken down into the competency statement and a description of what the competency covers

The competencies will not be discussed in the actual FTCE test

All the questions on the FTCE are in multiple choice format

Each question will have four options lettered A through D from which to choose

You should have plenty of time in which to complete the FTCE but be aware of the amount of time you are spending on each question so that you allow yourself time to complete the test

Although speed is not very important a steady pace should be maintained when answering the questions

Using the practice tests will help you prepare for this task

Computer Based Testing

A computer based test is also available

To register visit <http://www.cfe.usf.edu> and click on Computer Based Testing

tests in this book will help you learn to budget your precious time. Learn the directions and format of the test. Familiarizing yourself with the directions and format of the test will not only save time but will also help you avoid anxiety and the mistakes caused by getting anxious. Be sure that the answer circle you are marking corresponds to the number of the question in the test booklet. Since the test is multiple choice it is graded by machine and marking one wrong answer can throw off your answer key and your score. Be extremely careful.

The Day of the Test

Before the Test

On the day of the test make sure to dress comfortably so that you are not distracted by being too hot or too cold while taking the test. Plan to arrive at the test center early. This will allow you to collect your thoughts and relax before the test and will also spare you the anguish that comes with being late. You should check your FTCE Registration Bulletin to find out what time to arrive at the testing center. Before you leave for the test center make sure that you have your admission ticket and two forms of identification, one of which must contain a recent photograph, your name and signature (i.e. driver's license). You will not be admitted to the test center if you do not have proper identification. You must bring several sharpened No. 2 pencils with erasers as none will be provided at the test center. If you would like you may wear a watch to the test center. However, you may not wear one that makes noise because it may disturb the other test takers. Dictionaries, textbooks, notebooks, calculators, briefcases or packages will not be permitted. Drinking, smoking and eating are prohibited.

During the Test

The FTCE is given in one sitting with no breaks. Procedures will be followed to maintain test security. Once you enter the test center follow all of the rules and instructions given by the test supervisor. If you do not, you risk being dismissed from the test and having your scores cancelled. When all of the materials have been distributed the test instructor will give you directions for filling out your answer sheet. Fill out this sheet carefully since this information will be printed on your score report. Once the test begins mark only one answer per question, completely erase unwanted answers and marks and fill in answers darkly and neatly.

After the Test

When you finish your test hand in your materials and you will be dismissed. Then go home and relax; you deserve it.
