Practical Practice Reading: Online News (eBook) Curt Robinson, 2022-07-29 Reading Levels Grade 3-4 Interest Levels Grade 4-12 Most of us get the majority of our news online This book features three common ways to get Online News Online Newspapers News Alerts and News Websites Students will learn the best places to get the type of news that interests them As well as the best news format

The Online Newspapers section features realistic pages from a variety of online newspapers. Students will get familiarized with a weather report page, learn how to read their horoscope, get cooking tips from a food column, and personal advice from a teen advice column. They can read articles about sports, the latest technology, movies, and movie stars, plus what happened on This Day in History. The News Alerts section shows some of the types of alerts we can get on our phones. Depending on your interests, you can get short teaser bits of information about the latest in sports, weather, business, and national news. News Websites often feature daily updates on specific kinds of news. Are you interested in national news, sports, fashion, gaming, travel, diet, and exercise? There is a website for that. Follow up questions ask students to find relevant facts, locate and analyze information, think about that information, and then form an opinion.

Newsweek, 2003, **Resources in Education**, 2001 **Children's Books in Print** R R Bowker Publishing, Bowker, 1999-12 *Collaborate, Communicate, and Differentiate!* Wendy W. Murawski, Sally Spencer, 2011-02-24 An all in one book, a lighthearted and well grounded introduction to collaboration, how it can improve education for all children, and its role in effectively educating students with special needs. Murawski and Spencer tell it like it is, and they do so with humor and straight talk. Lynne Cook, Professor, School of Education, California State University Dominguez Hills. As a kid who struggled in school, this is the book that I wish every one of my teachers had read. It is a stunning achievement and a huge step forward to making all schools inclusive of all learners. Johnathan Mooney, Author *The Short Bus: A Journey Beyond Normal*. Collaboration 101 for teachers, parents, and school communities. Teachers in both general and special education classrooms are being asked to collaborate to give all students access to the general education curriculum. The challenge is that teachers receive very little training in how to work together to educate students successfully. Do you wonder how to get started, how much time it will take, and what the results will be? *Collaborate, Communicate, and Differentiate* addresses those issues and more, taking collaboration out of the abstract and supplying easy to use strategies that apply to daily tasks such as Planning and differentiating instruction, Communicating with families, Using Universal Design for Learning to form instruction, Assessing students with diverse backgrounds and abilities, Co-teaching, Coordinating with all staff members. This reader friendly text ties each strategy to the goal of improving student outcomes. Included are vignettes, In a Nutshell, and Eye on the Research, quick reference guides, reproducible forms, Principal Points to share with administrators, and a companion website. Educators who have wondered how to make collaboration reasonable, feasible, and time efficient will find the answers in this book.
