this book down you will be convinced that people and circumstances don't make us angry we make ourselves angry People can't make us angry unless we let them We alone are responsible for our feelings A measure of the effectiveness of communication is the result it produces If you don't like the results you are getting when communicating with another person there's a great deal you can do about it I'm not willing to let anything or any person put my physical sobriety at risk why should I put less value on my emotional sobriety For physical sobriety we had to give up drinking and for emotional sobriety we have to give up blaming others No longer can we say You made me angry Instead we must accept personal responsibility for our emotional state This much responsibility may seem extreme yet in fact it is a great freedom Henceforth no person or situation can upset us if we don't give them or it permission to do so What could be a greater freedom than that Emotional maturity is like serenity The first time I felt serene I wondered what was happening but I liked the feeling and wanted more The more I got the more I wanted Serenity is addictive

**The Good Book - Big Book Guide Book** Dick B., 2011-07-26 You don't need to leave A.A. or any other 12 Step program or even a treatment program just because you are a Christian Nor do you need to flee to an exclusively Christian Fellowship Christian Treatment Program or Christian Track Program just to believe or profess your beliefs in connection with your own recovery You're the boss You need all the help you can get We've long needed a guide that will use history to help you in your recovery whatever your choice of fellowships groups recovery programs or treatment programs The original Akron A.A. **Peace Is Oneness** Hilton L. Anderson, 2011-11-03 HUMANITY HAS REACHED A DANGEROUS TIPPING POINT of potential self destruction because our technical and scientific achievements have outdistanced our spiritual realization We must develop a new understanding of who we are centered on the realization of oneness with all of creation This realization can only be achieved by the combination and integration of rational logical thinking and mystical internal awareness Humanity has now reached the point where the two separate understandings of reality must be combined into a holistic understanding of existence Peace Is

Oneness addresses the dangers of accepting the separation that results from our egos along with the ways that separation can be healed Both science and evolutionary religion define the same reality We must awaken from our dream state of separate selves and realize the oneness that is our true self of unconditional love Western culture has largely lost most of its connection to myth because of the dominance of material science We have what the ancient Greeks called logos but we have lost what they called mythos This is about to change as science and religion begin to define reality in the same way Will it happen quickly enough to save us from our own self destruction Your individual consciousness is essential in determining the outcome

**Paradigms for Divine Healing** Pavel Hejzlar, 2009-11-23 The doctrine and practice of healing through faith has been a hallmark of Pentecostalism since its inception and helps to account for the widespread appeal of the movement While divine healing as it is called by insiders has brought hope to the sick it has also been a source of disenchantment and controversy The present study offers a close look at the teaching of four major ministers of healing in the twentieth century United States The author distinguishes between the healing evangelists and pastoral ministers of healing who react to them This book discusses in detail the merits of both schools and the author proposes a solution to the problems inherent in the two paradigms under scrutiny     *Living Your Divine Life* Orest Bedrij, 2009-11-19 *Living Your Divine Life* takes you beyond the monumental peak experience beyond priceless enlightenment and beyond human thought to effortless living nonstop miracles God conscious Christ in us reality and ceaseless joy as your natural state Before we learned to walk or feed ourselves with a spoon we have to acquire these now second nature information processing skills that originate beyond the conscious mind Equally if we want to realize the highest state of our being happiness and prosperity we can also bring these second nature effortless source code skills into our daily lives This mathematical source code which scientists call the laws of nature is the DNA of life or the software of God's inner structure *Living Your Divine Life* shows you how to access that second nature source code on a constant basis The words of Moses Jesu Muhammad Einstein Bohr Bohm Wheeler the Buddha and many others reinforce this truth We can observe effortless living in the inner workings of our own body and in the movements of electrons stars and galaxies By *Living Your Divine Life* you can experience peace beyond peace and absolute knowledge at the center of yourself by unfolding the Godhead within splendor of yourself     *An Unsuspecting Trap* George E. Buttner, 2007-07 *An Unsuspecting Trap* is a compelling and candid account of the author's struggles with alcoholism and his exploration of the events that led him down a path of self destruction At his mother's funeral George flashes back to the abuse abandonment and early frustrations that impoverished his personal growth and kept him imprisoned by his past for most of his adult life The disparagement and lack of guidance that characterized his early years led to his truancy low self worth a dramatic near death experience in the Navy and a long and agonizing bout with alcoholism However this story is not about one child being battered or even the drunkenness that followed but rather the human heart Not knowing why but knowing just the same it is about a child's resourceful spirit searching for its place in the sun It is about freeing whatever is good from the wreckage of my broken dreams Wishing for some of them to come true it is about a chance at having a hopeful future of being restored to full humanity and yes most of all it is about the necessary conviction that in sharing these things with others life will have peaceful promise for our children in the shrinking fast changing world we know today     *The Language of the Heart* Trysh Travis, 2010-01-01 In *The Language of the Heart* Trysh Travis explores the rich cultural history of Alcoholics Anonymous AA and its offshoots and the larger recovery movement that has grown out of them Moving from AA's beginnings in the mid 1930s as a men's fellowship that met in church basements to the thoroughly

commercialized addiction treatment centers of today Travis chronicles the development of recovery and examines its relationship to the broad American tradition of self help highlighting the roles that gender mysticism and bibliotherapy have played in that development
