EdPsych Modules Cheryl Cisero Durwin, Marla Reese-Weber, 2016-12-01 Now with SAGE Publications Cheryl Cisero Durwin and Marla Reese Weber's *EdPsych Modules* uses an innovative implementation of case studies and a modular format to address the challenge of effectively connecting theory and research to practice Each module is a succinct stand alone topic that represents every subject found in traditional chapter texts and can be used in any order for maximum flexibility in organizing your course Each of the book's eight units of modules begins with a set of four case studies early childhood elementary middle school and secondary and ends with Assess and Reflect and Evaluate questions and activities to encourage comprehension and application of the research and theories presented The case approach and the extensive pedagogy that support it allows students to constantly see the applications of the theories and research that they are studying in the text

An Evaluation of the Public Schools of the District of Columbia National Research Council, Division of Behavioral and Social Sciences and Education, Board on Testing and Assessment, Committee for the Five-Year (2009-2013) Summative Evaluation of the District of Columbia Public Schools, 2015-08-31 An Evaluation of the Public Schools of the District of Columbia is a comprehensive five year summative evaluation report for Phase Two of an initiative to evaluate the District of Columbia's public schools Consistent with the recommendations in the 2011 report A Plan for Evaluating the District of Columbia's Public Schools this new report describes changes in the public schools during the period from 2009 to 2013 An Evaluation of the Public Schools of the District of Columbia examines business practices human resources operations and human capital strategies academic plans and student achievement This report identifies what is working well seven years after legislation was enacted to give control of public schools to the mayor of the District of Columbia and which areas need additional attention

Capturing Social and Behavioral Domains and Measures in Electronic Health Records Institute of

Medicine, Board on Population Health and Public Health Practice, Committee on the Recommended Social and Behavioral Domains and Measures for Electronic Health Records, 2015-01-08 Determinants of health like physical activity levels and living conditions have traditionally been the concern of public health and have not been linked closely to clinical practice. However, if standardized social and behavioral data can be incorporated into patient electronic health records (EHRs), those data can provide crucial information about factors that influence health and the effectiveness of treatment. Such information is useful for diagnosis, treatment choices, policy, health care system design, and innovations to improve health outcomes and reduce health care costs.

Capturing Social and Behavioral Domains and Measures in Electronic Health Records Phase 2 identifies domains and measures that capture the social determinants of health to inform the development of recommendations for the meaningful use of EHRs. This report is the second part of a two-part study. The Phase 1 report identified 17 domains for inclusion in EHRs. This report pinpoints 12 measures related to 11 of the initial domains and considers the implications of incorporating them into all EHRs. This book includes three chapters from the Phase 1 report in addition to the new Phase 2 material. Standardized use of EHRs that include social and behavioral domains could provide better patient care, improve population health, and enable more informative research. The recommendations of **Capturing Social and Behavioral Domains and Measures in Electronic Health Records Phase 2** will provide valuable information on which to base problem identification, clinical diagnoses, patient treatment outcomes assessment, and population health measurement.

Mathematics Problem Posing in Action Shuk-kwan S. Leung, 2025-09-26 This book provides actual examples of challenging implementations of Math Problem Posing in school teaching, education settings, and home environments. Firstly, it explains how a teacher educator introduced Math Problem Posing to students using concrete tasks and assessment methods. Secondly, it discusses how a teacher educator worked with school teachers to use tasks assessed students and to develop more tasks. Thirdly, it describes cases on how a teacher educator and parents used Math Problem Posing at home and in out-of-school settings. This is a book dedicated to researchers, teachers, students, and parents, and also all those who are interested in the use of posing problems for active learning and teaching.
