making a profit in the Forex markets You may be an experienced trader who has already taken many trading courses or you may be just trying to decide on the best trading system for your personality and life circumstances Written by a trader with over eight years of experience in trading foreign currencies gold and futures this book is written in an easy to comprehend style with lots of illustrations and trading examples to help clarify each part of the system This trading strategy is simple and easy to follow and takes up a very small amount of time as it uses the daily and hourly time frames Unlike most day trading systems this makes it easy to trade around most jobs Most importantly it explains every part of the system including the correct trading psychology and money management which most systems leave out Recent Review Ever heard the expression buy low sell high Or how about let your winners run and cut your losses I especially like ensure your winners exceed your losses I just finished reading a book on the Quants whose mantra is to put the maths or the odds on your side Oh and I love the Jesse Livermore quote It never was my thinking that made the big money for me It always was my sitting Great Sayings Wonderful sayings Fantastic But my thinking most retail strategies do not capture most if any of these principles So is there a methodology that retail traders can use even with limited funds that captures all of this And I mean all of this I believe there is LR has put together a strategy that does as the big boys do focusses not on consistency of trades but consistency of the trader using a simple intuitive market rhythmic approach Of the strategy Does it Buy low Sell High Yes Are Winners run Losses cut Yes Do Winners exceed Losers Yes Is the Maths on your side Yes Do you Wait for trades to come to you Yes I have been trading the 10XROI strategy for just over a month now The last two weeks of trading has seen me bag over 1000 pips And yet that is not I repeat NOT the focus or what impresses me It is the rate of return Each trade aims for a take profit of 10R and always a stop loss of 1R which I have achieved While it s still early days for me I already know the principles taught are the principles practiced and espoused by the world s foremost traders There is no magic bullet Just sound time tested principles focussed on patience a simple strategy money management and sound psychology Why reinvent the wheel Just spin that thing Kevin
