The Switch Joseph Finder, 2018-05-29 A simple mix up throws an innocent man into the cross hairs of sinister government secrets and ruthless political ambitions in this timely electrifying thriller from New York Times bestselling author Joseph Finder Michael Tanner is on his way home from a business trip when he accidentally picks up the wrong MacBook in an airport security line He doesn't notice the mix up until he arrives home in Boston but by then it's too late

Tanner's curiosity gets the better of him when he discovers that the owner is a US senator and that the laptop contains top secret files. When Senator Susan Robbins realizes she's come back with the wrong laptop, she calls her young chief of staff Will Abbott in a panic. Both know that the senator broke the law by uploading classified documents onto her personal computer. If those documents wind up in the wrong hands, it could be Snowden 2.0 and her career in politics will be over. She needs to recover the MacBook before it's too late. When Will fails to gain Tanner's cooperation, he is forced to take measures to retrieve the laptop before a bigger security breach is revealed. He turns to an unscrupulous fixer for help. In the meantime, the security agency whose files the senator has appropriated has its own methods, darker still, and suddenly Tanner finds himself a hunted man on the run, terrified for the safety of his family in desperate need of a plan and able to trust no one.

The Last Hanna Jameson, 2020-02-18 This propulsive post-apocalyptic thriller in which Agatha Christie's *And Then There Were None* collides with Stephen King's *The Shining*. NPR follows a group of survivors stranded at a hotel as the world descends into nuclear war, and the body of a young girl is discovered in one of the hotel's water tanks. Jon thought he had all the time in the world to respond to his wife's text message: "I miss you so much. I feel bad about how we left it. Love you." But as he's waiting in the lobby of the L Hotel Sixieme in Switzerland after an academic conference, still mulling over how to respond to his wife, he receives a string of horrifying push notifications: Washington DC has been hit with a nuclear bomb, then New York, then London, and finally Berlin. That's all he knows before news outlets and social media go black, and before the clouds on the horizon turn orange. Two months later, there are twenty survivors holed up at the hotel, a place already tainted by its strange history of suicides and murders. Jon and the rest try to maintain some semblance of civilization. But when he goes up to the roof to investigate the hotel's worsening water quality, he is shocked to discover the body of a young girl floating in one of the tanks and is faced with the terrifying possibility that there might be a killer among the group. As supplies dwindle and tensions rise, Jon becomes obsessed with discovering the truth behind the girl's death. In this brilliantly executed chilling and extraordinary post-apocalyptic mystery, the questions Jameson poses—who will be with you at the end of the world and what kind of person will you be—are as haunting as the plot itself. Emily St. John Mandel, nationally bestselling author of *Station Eleven*.
