Conflicting Legacy Munyaradzi, Mawere,Marongwe, Ngonidzashe,2018-11-17 Arguably one of the most polarising figures in modern times has been Robert Gabriel Mugabe the former President of the Republic of Zimbabwe The mere mentioning of his name raises a lot of debate and often times vicious if not irreconcilable differences both in Zimbabwe and beyond In an

article titled Lessons of Zimbabwe Mahmood Mamdani succinctly captures the polarity thus It is hard to think of a figure more reviled in the West than Robert Mugabe and his land reform measures however harsh have won him considerable popularity not just in Zimbabwe but throughout southern Africa This together with his recent stylised ouster speaks volumes to his conflicted legacy The divided opinion on Mugabe s legacy can broadly be represented first by those who consider him as a champion of African liberation a Pan Africanist an unmatched revolutionary and an avid anti imperialist who literally spoke the truth to Western imperialists On the other end of the spectrum are those who seemingly paying scant regard to the predicament of millions of black Zimbabweans brutally dispossessed of their land and human dignity since the Rhodesian days have differentially characterised Mugabe as a rabid black fascist an anti white racist an oppressor and a dictator Drawing on all these opinions and characterisations the chapters ensconced in this volume critically reflect on the personality leadership style and contributions of Robert Mugabe during his time in office from 1980 to November 2017 The volume is timely in view of the current contested transition in Zimbabwe and with regard to the ongoing consultations on the Land Question in neighbouring South Africa It is a handy and richly documented text for students and practitioners in political science African studies economics policy studies development studies and global studies Before the State of California Occupational Safety and Health Appeals Board California. Brice,2017-07-15 Authors Bob Alexander and Donaly E Brice grappled with several issues when deciding how to relate a general history of the Texas Rangers Should emphasis be placed on their frontier defense against Indians or focus more on their role as guardians of the peace and statewide law enforcers What about the tumultuous Mexican Revolution period 1910 1920 And how to deal with myths and legends such as One Riot One Ranger Texas Rangers Lives Legend and Legacy is the authors answer to these questions a one volume history of the Texas Rangers The authors begin with the earliest Rangers in the pre Republic years in 1823 and take the story up through the Republic Mexican War and Civil War Then with the advent of the Frontier Battalion the authors focus in detail on each company A through F relating what was happening within each company concurrently Thereafter Alexander and Brice tell the famous episodes of the Rangers that forged their legend and bring the story up through the twentieth century to the present day in the final chapters *Operational Policy Making for Professional*
