Political, Economic and Financial Country Risk Mohamed A. Ramady, 2013-10-19 Decades go by and nothing happens then weeks go by and decades happen This apt saying encapsulates the dramatic convulsions taking place across the Arab world that first erupted in 2011 in Tunisia and which rapidly spread to other countries These events have affected the lives of ordinary citizens in many more ways than had been intended when the Arab Spring broke out with the endgame still not very clear as demonstrated in countries like Egypt Syria and Libya By comparison with some exceptions the six countries comprising the Gulf Cooperation Council have been relatively unaffected by the general turbulence and uncertainties lapping around them However geopolitical shifts involving global superpower rivalries combined with revolutionary breakthroughs in the non conventional hydrocarbon energy sector are threatening to challenge the importance of the Arabian Gulf as the world s leading suppliers of energy putting their economies under fiscal stress The author examines such challenges by Providing the first in depth statistical analytical assessment of the GCC countries using monthly data over the period 2001 2013 for the three risk categories economic financial and political risks and their sub components so as to enable policymakers enhance components with low risk while addressing components with perceived higher risk

Assessing FDI and capital inflows and outflows before and after the Arab Spring and how to encourage FDI inflows Inter Arab and GCC trade and synergies in power transmission transportation links and establishing new hubs of centers of manufacturing excellence Exploring private sector led growth models to reduce forecasted unemployment Being complacent is not an option for the GCC The aim of the book is that having a better understanding of each of the GCC countries individual risk parameters will enable the GCC meet future challenges and reduce the chances of a negative Arab Spring occurring in the region Mohamed Ramady is a Visiting Associate Professor at the Department of Finance and Economics King Fahd University of Petroleum and Minerals His main research interests are the economics of the Middle East and Saudi Arabia in particular as well as money and banking He also held senior positions with international financial institutions in the Arabian Gulf and Europe

The Political Economy of City Branding Ari-Veikko Anttiroiko, 2014-02-24 Globalization affects urban communities in many ways One of its manifestations is increased intercity competition which compels cities to increase their attractiveness in terms of capital entrepreneurship information expertise and consumption This competition takes place in an asymmetric field with cities trying to find the best possible ways of using their natural and created assets the latter including a naturally evolving reputation or consciously developed competitive identity or brand The Political Economy of City Branding discusses this phenomenon from the perspective of numerous post industrial cities in North America Europe East Asia and Australasia Special attention is given to local economic development policy and industrial profiling and global city rankings are used to provide empirical evidence for cities characteristics and positions in the global urban hierarchy On top of this social and urban challenges such as creative class struggle are also discussed The core message of the book is that cities should apply the tools of city branding in their industrial promotion and specialization but at the same time take into account the special nature of their urban communities and be open and inclusive in their brand policies in order to ensure optimal results This book will be of interest to scholars and practitioners working in the areas of local economic development urban planning public management and branding

A Treatise of the Law, Privileges, Proceedings and Usage of Parliament Thomas Erskine May, 1893

The Routledge Companion to the Geography of International Business Gary Cook, Jennifer Johns, Frank McDonald, Jonathan Beaverstock, Naresh Pandit, 2018-05-08 The fields of Economic Geography and International Business share an interest in the same phenomena whilst each provides both a differing perspective and different research methods in attempting to understand those phenomena The Routledge Companion to the Geography of International Business explores the nature and scope of inter disciplinary work between Economic Geography and International Business in explaining the central issues in the international economy Contributions written by leading specialists in each field including some chapters written by inter disciplinary teams focus on the nature of multinational firms and their strategies where they choose to locate their activities how they create and manage international networks and the key relationships between multinationals and the places where they place their operations Topics covered

include the internationalisation of service industries the influence of location on the competitiveness of firms and the economic dynamism of regions and where economic activity takes place and how knowledge goods and services flow between locations The book examines the areas for fruitful inter disciplinary work between International Business and Economic Geography and sets out a road map for future joint research and is an essential resource for students and practitioners of International Business and Economic Development Economic Development and Political Action in the Arab World M.A. Mohamed Salih, 2014-03-05 Analysis of North African revolt against authoritarianism known as the Arab Spring embraced reductionist explanations such as the social media youth unemployment and citizens agitations to regain dignity in societies humiliated by oppressive regimes This book illustrates that reductionist approaches can only elucidate some symptoms of a social problem while leaving unexplained the economic and political structures which contributed to it One outcome of quiescence resource based ethnic and sectarian conflicts and faulty development paradigm is deepened inequality and a wedge between winners and losers or affluence wealth and power vis vis poverty and hunger among humiliated jobless and hope less masses The book blends theories of development and transition to explain the complex factors which contributed to North Africans revolt against authoritarianism and its long term consequences for political development in the Arab World This timely book is of great interest to researchers and students in Development Studies Economics and Middle Eastern Studies as well as policy makers and democracy human rights and social justice activists in the Arab world *The G20* Peter I. Hajnal, Peter Hajnal, 2016-03-16 This important book is an authoritative work of reference on the G20 G8 and G20 reform and relevant information sources Peter Hajnal thoroughly traces the origins of the G20 surveys the G20 finance ministers meetings since 1999 and the series of G20 summits since 2008 He examines agenda setting and agenda evolution discusses the question of G20 membership and surveys the components of the G20 system He goes on to analyze the relationship of the G20 with international governmental organizations the business sector and civil society and looks at the current relationship between the G8 and the G20 He also discusses how G20 performance can be monitored and evaluated The book includes an extensive bibliography on the G20 G8 G20 reform and issues of concern to the G20 The book is a companion volume to *The G8 System and the G20 Evolution Role and Documentation* Hajnal 2007 and is an essential source for all scholars and students of the G20 **Platform Economics** Cristiano Codagnone, Athina Karatzogianni, Jacob Matthews, 2018-11-23 Platform Economics tackles head on the rhetoric surrounding the so called sharing economy which has muddled public debate and has contributed to a lack of policy and regulatory intervention **Conservation and Development in Cambodia** Sarah Milne, Sango Mahanty, 2015-02-11 Written by leading authorities from Australasia Europe and North America this book examines the dynamic conflicts and synergies between nature conservation and human development in contemporary Cambodia After suffering conflict and stagnation in the late twentieth century Cambodia has experienced an economic transformation in the last decade with growth averaging almost ten per cent per year partly through investment

from China However this rush for development has been coupled with tremendous social and environmental change which although positive in some aspects has led to rising inequality and profound shifts in the condition ownership and management of natural resources High deforestation rates declining fish stocks biodiversity loss and alienation of indigenous and rural people from their land and traditional livelihoods are now matters of increasing local and international concern The book explores the social and political dimensions of these environmental changes in Cambodia and of efforts to intervene in and improve current trajectories for conservation and development It provides a compelling analysis of the connections between nature state and society pointing to the key role of grassroots and non state actors in shaping Cambodia s frontiers of change These insights will be of great interest to scholars of Southeast Asia and environment development issues in general

Oil Booms and Business Busts Nimah Mazaheri,2016-05-02 Oil Booms and Business Busts looks at how government policymaking shapes a puzzling phenomenon in economic development the curse of natural resources It investigates how oil and mineral wealth shapes a government s policies toward the business environment entrepreneurs and innovative activities Other similar work either ignores the role of government policymaking in oil wealth treats it as another effect of the rentier state or dismisses it as illogical and incoherent One might expect that in light of such abundances governments would encourage entrepreneurship and new businesses to compete and grow in the market but Nimah Mazaheri shows that resource wealth instead incentivizes policymakers to focus on satisfying the interests of existing elites They more than oil poor nations institute barriers that impede the activities of domestic firms and entrepreneurs with the result being unimpressive economic performance over the past half century This is the first book to examine how oil wealth affects non elite actors who own the small and medium sized firms that absorb a majority of the economic and labor force of these countries Looking at two of the most important oil producing countries in the world Iran and Saudi Arabia the book provides an original theory about the factors that shape a logic of policymaking in oil producing states To extend his theory Mazaheri also looks at India which is one of the world s main coal producers He does this to show the effects of the gain and loss of a massive resource windfall on state policymaking toward the private sector Ultimately Mazaheri argues that such policymaking impedes the development of a middle class and therefore democratization a factor that can have overarching political repercussions for governmental stability *Business Statistics* ,1967
