Essays for Studying Lukas, 2019-08-13. These essays are written for the students who study a famous all over the world novels. An essay contains basic facts from the writer's George Orwell, Harper Lee, Ray Bradbury biographies, the plot of the books *anti-utopia 1984*, *To Kill a Mockingbird*, *Fahrenheit 451* are retold and the main characters and ideas are characterized. It is also shown how the books influenced the literary process and other writers. The only mistake George Orwell made in his *anti-utopia 1984* was the date. A lot of things that he described as if happening in 1984 can be observed in the nowadays world. However, he depicted the future that everyone should be afraid of at any time. I am sure that totalitarian idea lives in the consciousness of intellectuals everywhere and I tried to follow this idea till the end. My story is set in England to emphasize that English speaking nations are not better than others and that the totalitarianism can win everywhere if it is not fought against. George Orwell wrote not long before his death. *To Kill a Mockingbird* is an anti-racist novel, a historical drama of the Great Depression and a sublime example of the Southern writing tradition. A gripping, heart-wrenching and wholly remarkable tale of coming of age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl as her father, a crusading local lawyer, risks everything to defend a black man unjustly accused of a terrible crime. The book's tagline explains the title *Fahrenheit 451* the temperature at which book paper catches fire and burns. In a terrifying, care-free future a young man Guy Montag whose job as a fireman is to burn all books.
