Towards a New Definition of Terrorism Katarzyna Maniszewska,2024-07-02 This book addresses critical questions in the field of terrorism studies that have long eluded consensus in the international community It discusses why there is an abundance of definitions of terrorism and on the other hand the absence of a standard definition of terrorism reflected at the international level shedding light on the elusive boundaries for achieving a global consensus The book's two compelling hypotheses pave the way for a fresh perspective on counterterrorism efforts Firstly the need for new legal frameworks that adapt to the evolving nature of terrorism encompassing state sponsored terrorism Secondly by examining the historical roots of terrorism this book uncovers patterns

that could reshape future counterterrorism strategies Drawing on interviews with 20 leading experts in terrorism studies from diverse backgrounds and regions this book provides invaluable insights and ensures a well rounded examination of the subject It will appeal to students scholars and researchers of security studies political science international relations and terrorism studies in particular as well as policy makers interested in exploring the complexities of countering terrorism in our ever changing world *Violence, Discourse, and Politics in China's Uyghur Region* Pablo A. Rodríguez-Merino, 2022-12-30

This book investigates how Uyghur related violent conflict and Uyghur ethnic minority identity religion and the Xinjiang region more broadly became constituted as a terrorism problem for the Chinese state Building on securitization theory Critical Terrorism Studies CTS and the scholarly definitional debate on terrorism it develops the concept of terroristization as a critical analytical framework for the study of historical processes of threat construction Investigating the violent events reported in Xinjiang since the early 1980s the evolving discursive patterns used by the Chinese state to make sense of violent incidents and the crackdown policies that the official terrorism discourse has legitimized the book demonstrates how the securitization and later terroristization of Xinjiang and the Uyghurs is the result of a discursive and political choice of the Chinese state The author reveals the contingent and unstable nature of such construction and how it problematizes the inevitability of the rationale behind China's war on terror that has prescribed a brutal crackdown as the most viable approach to governing the tensions that have historically characterized China's rule over the Turkic Muslim ethnic minorities in Xinjiang This book will be of interest to scholars and students of the politics of contemporary China security and ethnic minority issues International Relations and Security as well as those adopting discursive approaches to the study of security notably those within the critical security and terrorism studies fields **The Moral Dilemmas of Fighting Terrorism and Guerrilla Groups** Jean-François Caron, 2023-01-30

The Moral Dilemmas of Fighting Terrorism and Guerrilla Groups Jean-François Caron, 2023-01-30 The Moral Dilemmas of Fighting Terrorism and Guerrilla Groups discusses the most important ethical dilemmas associated with the fight against terrorist organizations and guerilla groups by providing readers with a rigorous yet accessible analysis of how these forms of violence can be justified and how they ought to be fought by entities targeted by groups resorting to these strategies It will be valuable to anyone interested in understanding the main ethical questions associated with these forms of political violence and the way they can be addressed After providing conceptual clarifications that will allow the reader to distinguish between terrorism and guerrilla warfare it explains and discusses what the criteria are that can justify resorting to lethal violence on the part of the latter group as well as the criteria that can determine the identity of those who can legitimately be targeted by these groups The book analyzes when terrorists ought to be targeted and how this can be done focusing on the inherent problems associated with the solutions that are normally used against state actors in order to prevent attacks on their part namely what can be coined as non violent alternatives to war such as economic or diplomatic sanctions arm embargoes and non violent resistance and on the other hand preemptive attacks Threshold: Aperture to the Light of the World , Routledge Handbook of Civil Wars

Edward Newman, Karl DeRouen, Jr., 2014-02-18 This comprehensive new Handbook explores the significance and nature of armed intrastate conflict and civil war in the modern world Civil wars and intrastate conflict represent the principal form of organised violence since the end of World War II and certainly in the contemporary era These conflicts have a huge impact and drive major political change within the societies in which they occur as well as on an international scale The global importance of recent intrastate and regional conflicts in Afghanistan Pakistan Iraq Somalia Nepal Cote d'Ivoire Syria and Libya amongst others has served to refocus academic and policy interest upon civil war Drawing together contributions from key thinkers in the field who discuss the sources causes duration nature and recurrence of civil wars as well as their political meaning and international impact the Handbook is organised into five key parts Part I Understanding and Explaining Civil Wars Theoretical and Methodological Debates Part II The Causes of Civil Wars Part III The Nature and Impact of Civil Wars Part IV International Dimensions Part V Termination and Resolution of Civil Wars Covering a wide range of topics including micro level issues as well as broader debates Routledge Handbook of Civil Wars will set a benchmark for future research in the field This volume will be of much interest to students of civil wars and intrastate conflict ethnic conflict political violence peace and conflict studies security studies and IR in general
