Have you ever wondered what it would be like to be a dominant woman who can control a man with just a look or a word? When the thoughts of being in control creep into your head that sexy little smile starts to play over your lips and you start to get some ideas that you want to try on your man. As women we have all been there but being women many of us are unable to take hold of our control and dominate a man. The idea of being a dominatrix is often seen as a sexual and social taboo and many women are afraid of what society would say, what our family and friends would think and in general we feel that it isn't the position of a woman to take the stance of power and control. Women are seen naturally as the weaker sex, the one to be protected by a man and the man in the relationship is often seen to be in control, the leader, the strong and dominant one. Social norms often dictate how we feel about ourselves and sometimes it can hinder who we really are inside. Take heed ladies, we are women. We are strong. We are powerful. We are fierce. We are romantic. We are dynamic. We are caring. We are fighters. We are lovers. We are women. This manual will give you an inside look on what being a Mistress is really all about and will give you insight on how to be a Mistress. Being a Mistress isn't all about leather outfits, stiletto heels, and a whip in your hand. It is a journey between you and your partner where you are the leader, you are in control, and you have the final say. It is a path of adventure where you make the choices, you take charge, and where you can let all of your inhibitions go. It will give you insight into a new you, the one who has been trapped behind the social norms for far too long. Ladies, welcome your inner Mistress.
