*La famille dans l'ordre juridique de l'Union européenne / Family within the Legal Order of the European Union* Elsa Bernard, Marie Cresp, Marion Ho-Dac, 2020-12-31 Le droit de la famille dans sa dimension civiliste fortement ancré dans les cultures nationales des États membres est une matière qui ne relève pas en principe du droit de l'Union européenne Pourtant il n'est plus possible d'affirmer que la matière échappe dans son entier au droit de l'Union De nombreux aspects de la famille sont sous influence européenne au point que l'on voit se dessiner les contours d'une famille européenne L'ouvrage propose de mettre en lumière l'acquis européen en matière de droit de la famille au prisme du droit matériel citoyennet européen politique sociale de l'Union fonction publique européenne comme du droit international privé Le droit de la famille de l'Union s'identifie alors comme un droit spécial complétant la diversité des droits nationaux de la famille Sa signification théorique et politique dans l'Union est débattue par les auteurs autant que son devenir Loin de demeurer fragmentaire c'est des droits nationaux des États membres il a probablement vocation se densifier pour offrir aux citoyens et résidents européens un droit commun de la famille au sein de l'Union Family law with its civil law tradition and strong roots in the national cultures of the Member States does not normally fall within the scope of European law However it is no longer possible to argue that family law is outside European law entirely There are many aspects of the family which are subject to European influence to the point that the outlines of a European family are starting to emerge This book is intended to highlight the European experience of family law and its substantive i.e. European citizenship EU social policy EU civil service and private international law aspects Union law therefore contains a form of special family law which is shared between the Member States and supplements their national family laws Its theoretical and political importance in the Union as well as its future are discussed by the authors Far from remaining fragmented alongside the national laws of Member States it will likely develop to offer European citizens and residents a common family law within the EU
