Samson and Dalilah Camille Saint-Saëns, Ferdinand Lemaire, 1893 **Ruy Blas** Victor Hugo, 1891 Ruy Blas has held the stage better than any other of his dramas and has been popular in America Here Hugo's dramatic theory of contrast of grave and gay rapid alternation of tragic and grotesque is pushed to its utmost verge The scene is Madrid the time 1699 Don Salluste de Bazan scorned by Maria de Neubourg second wife of the do nothing King Charles II plots revenge Failing to enlist the aid of his scapegrace but chivalrous cousin Don César he introduces his valet Ruy Blas to the queen and through her sympathetic interest gains official preferment which he uses for political and fiscal reform The queen and Ruy Blas are betrayed into a compromising situation by Don Salluste who when Don César threatens to balk his revenge ruthlessly sacrifices his cousin to his injured vanity Ruy Blas kills Don Salluste and then himself consoled that his death has extorted from the queen an admission that love has overcome all prejudice of rank or station **Saint-Saens's Samson and Delilah** Camille Saint-Saëns, 2005 A comprehensive guide to Saint Saens SAMSON AND DELILAH featuring insightful and in depth Commentary and Analysis a complete newly translated Libretto with French English side by side and over 25 music highlight examples **Shakespeareana**, 1825 *Saint-Saëns' Samson and Delilah* Burton D. Writing Love Katharine Ann Jensen, 1995 In this compelling new addition to Sandra M Gilbert's *Ad Feminam* Women and Literature series Katharine Ann Jensen examines the cultural form of the love letter and its intersection with the novel in the works of seventeenth and eighteenth century French women writers Traditionally French literary history has focused on eighteenth century male writers Rousseau and Laclos as the master artists of the epistolary novel That emphasis on one century one gender and one epistolary form the novel obscures the history of women's writing in France In the seventeenth century the love letter was viewed as a feminine literary form in which a woman's passionate and emotional nature found its logical expression Such emotional writing was criticized for its structural and grammatical imperfections rendering it in the eyes of men invalid as true literary material However men often wrote under female pseudonyms composing letters of seduction and betrayal that were published as true accounts Jensen contends that men disguised their words as women's words because writing as women allowed them to experiment with narrative fiction at a time when men's writing was rigidly defined by classical rhetoric She further argues that men were able to moderate women's linguistic

strengths by limiting their epistolary expertise to a social rather than literary practice thereby maintaining literature as an almost exclusively male province Jensen argues for a tradition of women's writing by examining both the love letters and novels of such writers as Desjardins Ferrand Graffigny Riccoboni and Lespinasse In her novel *Les D sordres de l amour* Desjardins Madame de Villedieu creates an ambitious letter writing heroine Through an analysis of the textual similarities between the heroine's letters and Desjardins's personal love letters to her unfaithful lover Jensen concludes that Desjardins rewrites her own unfortunate epistolary relationship Jensen draws similar conclusions from an examination of the personal letters of Ferrand in relation to her novel *Histoire des amours de Cl ante et de B lise* In order to chart the legacy of seventeenth century feminine epistolarity Jensen goes on to consider the works of eighteenth century French women writers Like Desjardins's novel Graffigny's *Lettres d une P ruvienne* and Riccoboni's *Lettres de Mistress Fanni Butlerd* present letter writing heroines who overturn the conventions of seduction and betrayal in order to claim their independence and desire to write This desire correlates to Graffigny's and Riccoboni's own writing ambitions thereby asserting the ability of women to write self consciously rather than emotionally and to create narrative fiction rather than cyclical letters of love and suffering Jensen demonstrates that these assertions constitute a significant break with seventeenth century ideas about feminine letter writing that inextricably bind women to a supposedly natural language of sexual and literary disempowerment This important and insightful book will prove a valuable addition to the libraries of scholars in French seventeenth and eighteenth century studies feminist studies epistolary fiction and novel and narrative studies *Oeuvres complètes de Voltaire ...* Voltaire, 1874
