Readers will continue to benefit from the anthology's selection of significant essays treatises literary criticism folk stories and other noncanonical works as well as the numerous prints that accompanied these works. A Foreigner's Cinematic Dream of Japan Iris Haukamp, 2020-11-26 In early 1936 a German film team arrived in Japan to participate in a film coproduction intended to show the real Japan to the world and to launch Japanese films into international markets. The two directors, one Japanese and the other German, clashed over the authenticity of the represented Japan and eventually directed two versions: *The Samurai's Daughter* and *New Earth*, based on a common script. The resulting films hold a firm place in film history as an exercise in or reaction against politically motivated propaganda, respectively. *A Foreigner's Cinematic Dream of Japan* contests the resulting oversimplification into nationalised and politicised dichotomies. Drawing on a wide range of Japanese and German original sources as well as a comparative analysis of the German Japanese version and the elusive Japanese English version, Iris Haukamp reveals the complexities of this international co-production. This exclusive research sheds light not only on the films themselves but also on the timeframe of its production with both countries at the brink of war.

Pacific Pioneers John E. Van Sant, 2019-06-30 Shipwrecked sailors, samurai seeking a material and sometimes spiritual education, and laborers seeking to better their economic situation: these early Japanese travelers to the West occupy a little known corner of Asian American studies. *Pacific Pioneers* profiles the first Japanese who resided in the United States or the Kingdom of Hawaii for a substantial period of time and the Westerners who influenced their experiences. Although Japanese immigrants did not start arriving in substantial numbers in the West until after 1880, in the previous thirty years a handful of key encounters helped shape relations between Japan and the United States. John E. Van Sant explores the motivations and accomplishments of these resourceful, sometimes visionary individuals who made important inroads into a culture quite different from their own and paved the way for the Issei and

Nisei Pacific Pioneers presents detailed biographical sketches of Japanese such as Joseph Heco Nijima Jo and the converts to the Brotherhood of the New Life and introduces the American benefactors such as William Griffis David Murray and Thomas Lake Harris who built relationships with their foreign visitors Van Sant also examines the uneasy relations between Japanese laborers and sugar cane plantation magnates in Hawaii during this period and the shortlived Wakamatsu colony of Japanese tea and silk producers in California A valuable addition to the literature Pacific Pioneers brings to life a cast of colorful long forgotten characters while forging a critical link between Asian and Asian American studies Finding the Force of the Star Wars Franchise Matthew Kapell, John Shelton Lawrence, 2006 Textbook

our most popular literary form Contrary to conventional wisdom the novel did not originate in 18th century England nor even with Don Quixote but is coeval with civilization itself After a pugnacious introduction in which Moore defends innovative demanding novelists against their conservative critics the book relaxes into a world tour of the pre modern novel beginning in ancient Egypt and ending in 16th century China with many exotic ports of call Greek romances Roman satires medieval Sanskrit novels narrated by parrots Byzantine erotic thrillers 5000 page Arabian adventure novels Icelandic sagas delicate Persian novels in verse Japanese war stories even Mayan graphic novels Throughout Moore celebrates the innovators in fiction tracing a continuum between these pre modern experimentalists and their postmodern progeny Irreverent iconoclastic informative entertaining *The Novel An Alternative History* is a landmark in literary criticism that will encourage readers to rethink the novel

Filmonomics André de Palma, Luc Leruth, 2025-04-08 What could movies as diverse as *The Last Samurai* *Cl o* from 5 to 7 or *Dr Strangelove* have in common *Filmonomics* has a simple yet intriguing answer economics as the main driving force of the plot or as the main motivation of the characters actions This book analyses how movie makers use economic and financial motives in their plots or to build their characters Have they done it in line with economic theory Or are they proposing a new angle a new perspective that economists should take note of The authors here do not discuss wages in the film industry or the economics of movies What interests them is the economic motivations underpinning the behaviour of fictional characters in their favourite films They argue that credible movie characters can behave in irrational ways and movie makers occasionally introduce new ideas that economists should take note of A unique contribution this book will be of interest to readers eager to discover what economists have to say about films and film directors It will be indispensable for students and researchers of economics media studies film studies and cultural studies
