The Continuing Study of Newspaper Reading Advertising Research Foundation, *Debunking Utopia* Nima Sanandaji, 2021-02-23 Left leaning academics liberal pop stars such as Bruce Springsteen and Democrat politicians from Bernie Sanders to Bill and Hillary Clinton to Barack Obama all have one thing in common they are avid admirers of Nordic

style social democracy The reason is simple At first glance Nordic countries seem to have everything liberals want to see in America equal income distribution good health low levels of poverty and thriving economies all co existing with big welfare states By copying Nordic policies many in the American left hope to transform America to a similar socialist utopia In Debunking Utopia Swedish author Nima Sanandaji explains why this is all wishful thinking Certainly some aspects of Nordic welfare states such as childcare provision merit the admiration of liberals But overall it is a unique culture based on hard work healthy diets social cohesion and high levels of trust that have made Nordic countries successful Sanandaji explains how the Nordic people adopted this culture of success in order to survive in the unforgiving Scandinavian climate He systematically proves that the high levels of income equality high lifespans and other signs of social success in the Nordics all predate the expansion of the welfare state If anything the Nordic countries reached their peak during the mid twentieth century when they had low taxes and small welfare states Perhaps most astonishing are his findings that Nordic Americans consistently outperform their cousins who live across the ocean People of Nordic descent who live under the American capitalist system not only enjoy higher levels of income but also a lower level of poverty than the citizens of the Nordic countries themselves Sanandaji s previous writings on the roots of Nordic success have gained media attention around the world and been translated into many languages Debunking Utopia which expands on this work should be read by all liberals and conservatives alike who follow the debate over the future of American welfare As Sanandaji shows there is much Americans can learn from both the successes and failures of Nordic style social democracy
