Act Richard Taruskin, 1995-09-07 Over the last dozen years the writings of Richard Taruskin have transformed the debate about early music and authenticity Text and Act collects for the first time the most important of Taruskin's essays and reviews from this period many of which now classics in the field Taking a wide ranging cultural view of the phenomenon he shows that the movement far from reviving ancient traditions in fact represents the only truly modern style of performance being offered today He goes on to contend that the movement is therefore far more valuable and even authentic than the historical verisimilitude for which it ostensibly strives could ever be These essays cast fresh light on many aspects of contemporary music making and music thinking mixing lighthearted debunking with impassioned argumentation Taruskin ranges from theoretical speculation to practical criticism and covers a repertory spanning from Bach to Stravinsky Including a newly written introduction Text and Act collects the very best of one of our most incisive musical thinkers Literature of Satire Charles A. Knight, 2004-02-12 The Literature of Satire is an accessible but sophisticated and wide ranging study of satire from the classics to the present in plays novels and the press as well as in verse In it Charles Knight analyses the rhetorical problems created by satire s complex relations to its community and examines how it exploits the genres it borrows He argues that satire derives from an awareness of the differences between appearance ideas and discourse Knight provides illuminating readings of such satirists familiar and unfamiliar as Horace Lucian Jonson Moli re Swift Pope Byron Flaubert Ostrovsky Kundera and Rushdie This broad ranging examination sheds light on the nature and functions of satire as a mode of writing as well as on theoretical approaches to it It will be of interest to scholars interested in literary theory as well as those specifically interested in satire **Annotations** Indiana University, Bloomington.
