More Than Words Maryellen MacDonald, PhD, 2025-06-03 This beautifully written book by Maryellen MacDonald demonstrates how word work shapes both our experience of the world and the very brain that produced our capacity to articulate and generate our best thoughts. MARYANNE WOLF, author of *Proust and the Squid* and *Reader Come Home*: Humans are the only species that can transform internal ideas into talk, whether through speech, writing, or sign language. But why do we have this almost magical special talent? It turns out that while talking allows us to share ideas and connect with one another, it isn't just for communication. Other benefits of talking stem from the fact that it is hard work; we can understand speech up to 50 percent faster than we can create it ourselves. The complex processes in the brain that allow us to talk spill over and impact other areas of our lives in surprising ways. In this groundbreaking book, Maryellen MacDonald, a researcher and psycholinguist, explores the marvel and mental task of talking and offers an eye-opening look at how it shapes everything from our attention, memory, and the way we learn to how we regulate our emotions and our cognitive health as we age. Filled with fascinating insights, *More Than Words* reveals how languages all over the world bend to the demands of talking, how talking helps us set goals and acts as a learning engine, the link between speech patterns and mental illness, why conversations in classrooms are crucial, how talking can amplify the talker's political polarization, how talking can slow cognitive decline as we age. Engaging and illuminating, *More Than Words* has lessons that have the power to transform education, policy, parenting, psychology, and more. It is a sweeping and provocative look at a fundamental human behavior we take for granted.

New York Magazine, 1995-04-10 *New York Magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea.

Outstanding Men's Monologues Craig Pospisil, Danna Call, 2010 Editors Craig Pospisil and Danna Call compiled this new collection of more than fifty monologues selected exclusively from Dramatists Play Service publications from recent seasons. Inside these pages, you will find an enormous range of voices and subject matter, characters from their teens to their sixties, and authors of widely varied styles, but all immensely talented. These monologues represent some of the best writing in the American theatre today, and we are proud to bring them together in this new volume.
