has failed to find the plane Quest dissects what happened in the hours following the plane's disappearance and chronicles the days and weeks of searching which led to nothing but increasing despair He takes apart the varying responses from authorities and the discrepancies in reports the wide range of theories the startling fact that the plane actually turned around and flew in the opposite direction and what solutions the aviation industry must now implement to ensure it never happens again What emerges is a riveting chronicle of a tragedy that continues to baffle everyone from aviation experts to satellite engineers to politicians and which to this day worries the traveling public that it could happen again INCLUDES PHOTOS **Mergent Transportation Manual** ,2001 **Aircraft Accident Report** , Translating Systems Thinking into Practice Natassia Goode,Paul M.
