have read many books on how to succeed in business and often after reading them I have been left wondering if the authors own experiences were relatable to the average person The advice in many of the books tended to be either too scholarly or too complicated to incorporate into real life The lack of a better grounded reality based approach to guiding others to success inspired me to think about my own experiences My success in life and business has come in the absence of any extraordinary opportunity or vision Mine is a journey from a family of six children who struggled monthly to make ends meet to a career in one of publishing s glittering ivory towers From New York to Paris from the world of fashion and beauty to the back lots of Hollywood my success has come from flipping the script and creating opportunities where none existed Flipping the script is my unique approach to turning tables and gaining control from Flip the Script F.L.I.P the Script on Your Struggles Regina Baltimore Barbour,2020-04-04 *Scripting Addiction* E.
