From Third World to First: The Singapore Story, 1965-2000 Lee Kuan Yew, 2012-09-15 Few gave tiny Singapore much chance of survival when independence was thrust upon it in 1965 Today the former British trading post is a thriving Asian metropolis with one of the world's highest per capita income The story of that transformation is told here by Singapore's charismatic controversial founding father Lee Kuan Yew From Third World To First continues where the best selling first volume The Singapore Story left off and brings up to date the story of Singapore's dramatic rise It was first published in 2000 Delving deep into his own meticulous notes and previously unpublished papers and cabinet records Lee details the extraordinary efforts it took for an island city state in Southeast Asia to survive with just a razor's edge to manoeuvre in as Albert Winsemius Singapore's economic advisor in the 1960s put it We read how a young man of 42 and his cabinet colleagues finished off the communist threat to the fledgling state's security and began the long hard work of building a nation creating an army from scratch stamping out corruption providing mass public housing and masterminding a national airline and airport Lee writes frankly about his trenchant approach to political opponents and his often unorthodox views on human rights democracy and inherited intelligence aiming always to be correct not politically correct Nothing about Singapore escaped his watchful eye whether choosing shrubs for roadsides restoring the romance of historic Raffles Hotel of persuading young men to marry women as well educated as themselves Today's safe tidy Singapore certainly bears his stamp but as he writes If this is a nanny state I am proud to have fostered one

The Rule of

Law in Singapore Li-ann Thio, 2025-01-09 This book examines the operation of the rule of law in the non liberal democracy of Singapore The rule of law in Singapore has been both lauded for anchoring efficient and effective government and lambasted for being procedural and statist 21st century Singapore has experienced modest political liberalisation manifesting a paternal democracy where the governor governed relationship is evolving from a father knows best paternalistic mindset to a more consultative approach to governance where dialogue rather than diktat is the norm in a post deferential era The Singapore case study helps pluralise the rule of law as a universal principle which moderates power and may be variously implemented The book examines the reception of the rule of law within the Singapore legal order and how it interacts with constitutional principles like the separation of powers and democracy in the design of constitutional institutions and forging of structural and rights oriented judicial review It considers how the rule of law contoured by legal communitarianism sustains a managed democracy in relation to legislation governing internal security public assemblies religious harmony and online falsehoods It questions whether the chilling of political speech by strict laws on political defamation and contempt of court has been significantly defrosted by important developments which seek ordered liberty through a more calibrated form of review Lucid and engaging this book will be of interest to researchers working in constitutional law

Singapore Mark Ravinder Frost, Yu-Mei Balasingamchow, 2013-02-19 Brimming with verve and dramatic incident Singapore A Biography offers fresh insights into the life story of this island city state through the personal experiences of the workers adventurers rulers and revolutionaries who have shaped its history over the last seven centuries The authors drawing on research undertaken in collaboration with the National Museum of Singapore have woven together ancient chronicles eyewitness accounts oral histories and even modern radio and television broadcasts to create a vivid and compelling narrative that brings the past back to life Grounded in scholarship yet fired by the imagination this book reveals the Singapore story to have been as rich diverse and multilayered as the city state is prosperous ordered and successful today

The Five Power Defence Arrangements Ang Cheng Guan, 2025-03-04 Ang describes the development of the Five Power Defence Arrangements FPDA an important security regional arrangement from its inception to the present from the perspectives of the five FPDA allies The book recounts the establishment of the FPDA in 1971 from the Anglo Malaysian Defence Agreement and its development in the first 20 years to the end of the Cold War in 1990 Based on declassified archival documents and secondary literature it explores how the FDPA has evolved and adapted to provide different benefits to each of its partners after the Cold War Ang contextualises the FPDA within existing scholarship and offers a glimpse into possible future trajectories A valuable resource for scholars students researchers and professionals interested in international history defence and security

Islamic Scholarship in Africa Ousmane Kane, 2021 Cutting edge research in the study of Islamic scholarship and its impact on the religious political economic and cultural history of Africa bridges the europhone non europhone knowledge divides to significantly advance decolonial thinking and extend the frontiers of social

science research in Africa *Southeast Asian Affairs 2018* Malcolm Cook, Daljit Singh, 2018-05-04 *Southeast Asian Affairs* first published in 1974 continues today to be required reading for not only scholars but the general public interested in in depth analysis of critical cultural economic and political issues in Southeast Asia In this annual review of the region renowned academics provide comprehensive and stimulating commentary that furthers understanding of not only the region s dynamism but also of its tensions and conflicts It is a must read Suchit Bunbongkarn Emeritus Professor Chulalongkorn University Now in its forty fifth edition *Southeast Asian Affairs* offers an indispensable guide to this fascinating region Lively analytical authoritative and accessible there is nothing comparable in quality or range to this series It is a must read for academics government officials the business community the media and anybody with an interest in contemporary Southeast Asia Drawing on its unparalleled network of researchers and commentators ISEAS is to be congratulated for producing this major contribution to our understanding of this diverse and fast changing region to a consistently high standard and in a timely manner Hal Hill H W Arndt Professor of Southeast Asian Economies Australian National University *Cultural Pragmatism for US-China Relations* Charles Chao Rong Phua, 2022-10-25 The Thucydides trap and a US China face off are not structurally inevitable US China relations are what the US and China make of them Phua focuses on the ability to see US as US and China as China to trigger both countries cultural tendencies towards pragmatism Phua examines China s arduous journey to fit in the Westphalian system the deep cultural misunderstandings by the West of Sunzi s *The Art of War* and attempts to offer an inside out cultural synthesis of classical and modern Chinese thought as a proxy of their operational code beyond the standard clichés about Confucian and Daoist thought He builds on Jervis perception and misperception as well as Alastair Johnston s cultural realism Readers will benefit from a culturally Chinese western educated and politically neutral understanding of China as China An essential primer for academics practitioners and students of international relations diplomacy and Chinese culture **Singapore Politics Under the People's Action Party** Diane K. Mauzy, Robert Stephen Milne, 2002 A comprehensive overview of politics in Singapore since self governance The authors examine how this tiny island has developed into a global financial centre and an economic and social success under the leadership of the People s Action Party which has ruled continuously since 1959 The authors explore the nature of the Singaporean government as well as major issues such as ethnicity human rights and the development of civil society *The Ashgate Research Companion to Secession* Peter Radan, 2016-03-23 Secession is a detachment of a territory from an existing state with the aim of creating a new state on the detached territory Secession is usually an outcome of the political mobilization of a population on the territory to be detached and as a political phenomenon is a subject of study in the social sciences Its impact on inter state relations is a subject of study in international relations But secession is also subject to regulation both in the constitutional law of sovereign states and in international law Following a spate of secessions in the early 1990s legal scholars have proposed a variety of ways to regulate the international responses to attempts at secessions Moreover since the 1980s

normative justification of secession has been subject to an intense debate among political theorists and moral philosophers This research companion has the following three complementary aims First to offer an overview of the current theoretical approaches to secession in the social sciences international relations legal theory political theory and applied ethics Second to outline the current practice of international recognition of secession and current domestic and international laws which regulate secession Third to offer an account of major secessionist movements past and present from a comparative perspective In their accounts of past secessions and current secessionist movements the contributors to this volume focus on the following four components the nature and source of secessionist grievances the ideologies and techniques of secessionist mobilization the responses of the host state or majority parties in the host state and the international response to attempts at secession This provides a basis for identification of at least some common patterns in the otherwise highly varied processes of secession

Litigating Climate Change in the Global South Jolene Lin, Jacqueline Peel, 2024-07-12 While climate change litigation in developed countries of the Global North is a well studied phenomenon from its distinctive characteristics and the contribution it is making to the implementation of international climate laws like the Paris Agreement relatively few studies focus on climate case law emerging elsewhere Litigating Climate Change in the Global South sheds light on emerging and accelerating climate litigation in developing countries across the three regions of Africa Latin America and the Caribbean and Asia and the Pacific It is the first monograph length work to provide a comprehensive assessment of this jurisprudence Amid growing scholarly and policy interest in climate change litigation and its impact on international climate governance the book examines which Global South countries are seeing climate cases what is driving these trends the coalitions of actors involved and the early impacts this litigation is having on global goals of climate mitigation and adaptation

Towards Strategic Pragmatism in Foreign Policy Charles Chao Rong Phua, 2021-10-31 What is pragmatism Is it a means to an end or an end in itself Is it antithetical to ideology or morality Arguing that pragmatism is a skill much more than an attribute Phua examines how viewing it in this way can help achieve better foreign policy outcomes He examines and contrasts the ways in which the United States China and Singapore have incorporated pragmatism into their approaches to foreign policy In doing so he debunks dualistic myths around pragmatism and ideology and promotes the view of pragmatism as a skill that can be developed An essential primer for students analysts and policymakers with a fresh and practical approach to pragmatism

Empowering China Eugenio Bregolat, 2025-06-16 The author enjoyed the exorbitant privilege of serving three times as Ambassador of Spain to China over a period of 25 years between 1987 and 2013 He wondered about the US decisive role in empowering China This book is the result of his review The book starts with an in depth analysis of China's exponential economic development since 1978 adding a reflection on economic power as the crucial underpinning of military and geopolitical might It underlines that when Nixon first visited China in February 1972 he and Kissinger already understood that China would become a great power in a few decades and the ensuing risk to be confronted if our relations

turn sour with the most formidable enemy that has ever existed The anticipated risk was taken to achieve short term benefits Assessing the wisdom of this decision is the thrust of the book Eight reasons are listed which might have given Nixon and Kissinger second thoughts when they decided to engage China The contributions of the different US Presidents to the engagement and later containment of China are analyzed A chapter is devoted to Unfulfilled prophecies China and democracy and the elusive collapse of the Chinese economy A European epilogue deals with the triangular relationship Europe US China Will Europe be able to reach political union engineering a renaissance from the ashes of 1945 and becoming again a great power It is the existential question to be or not to be The book also features a foreword by Javier Solana former Secretary General of NATO and High Representative for Common Foreign and Security Policy of the European Union

Ending 'East of Suez' P. L. Pham, 2010-01-28 P L Pham examines the reasons for the Wilson Government's decision to withdraw from East of Suez Drawing upon previously classified records in the United Kingdom USA and Australia Pham provides a detailed and comprehensive examination of the British policy process leading up to the final decision to withdraw

The Routledge History of Human Rights Jean Quataert, Lora Wildenthal, 2019-09-05 The Routledge History of Human Rights is an interdisciplinary collection that provides historical and global perspectives on a range of human rights themes of the past 150 years The volume is made up of 34 original contributions It opens with the emergence of a new internationalism in the mid nineteenth century examines the interwar League of Nations and the United Nations eras of human rights and decolonization and ends with the serious challenges for rights norms laws institutions and multilateral cooperation in the national security world after 9 11 These essays provide a big picture of the strategic political and changing nature of human rights work in the past and into the present day and reveal the contingent nature of historical developments Highlighting local national and non Western voices and struggles the volume contributes to overcoming Eurocentric biases that burden human rights histories and studies of international law It analyzes regions and organizations that are often overlooked The volume thus offers readers a new and broader perspective on the subject International in coverage and containing cutting edge interpretations the volume provides an overview of major themes and suggestions for future research This is the perfect book for those interested in social justice grass roots activism and international politics and society

Singapore in the Global System Peter Preston, 2007-12-21 This book tracks the phases of Singapore's economic and political development arguing that its success was always dependent upon the territories links with the surrounding region and the wider global system and suggests that managing these links today will be the key to the country's future Singapore has followed a distinctive historical development trajectory It was one of a number of cities which provided bases for the expansion of the British empire in the East But the Pacific War provided local elites with their chance to secure independence In Singapore the elite disciplined and mobilized their population and built successfully on their colonial inheritance Today the city state prospers in the context of its regional and global networks and sustaining and nurturing

these are the keys to its future But there are clouds on the elite s horizons domestically the population is restive with inequality migration and surplus repression causing concern and internationally the strategy of constructing a business hub economy is being widely copied and both Hong Kong and Shanghai are significant competitors This book discusses these issues and argues that although success is likely to characterize Singapore s future the elite will have to address these significant domestic and international problems

Nepal'S Enduring Poverty Sukhdev Shah,2015-08-18 Theory of economic growth has made remarkable progress over the past three decades that has helped give us a better understanding of factors that induce or inhibit growth In practice though a majority of countries have failed to increase growth and improve living conditions The elixir that has been absent from traditional growth theories is the role of an enabling environment that is needed to induce and support growth This book a case study of Nepals poverty presents the view that non economic factors play an outsized role in determining the productive use of economic resources which is critical to spur growth to a much greater extent than the level of resources a country commands The theme developed in this book is that a countrys institutional weaknesses create a hostile environment for economic growth to occur and be sustained Institutional handicaps exercise powerful constraints on the efficiency of use of resources and creation of wealth This happens because institutions are rooted in a countrys history its culture emotions and even in national psychology

A Mandarin and the Making of Public Policy Tong Dow Ngiam,2006 Singapore s success story has increasingly been recognised but few have told it from the perspective of an insider As a senior civil servant and mandarin from 1959 to 1999 Ngiam Tong Dow served with the founding generation of political leaders and contributed to the country s economic growth In this book he reflects on these experiences sharing personal anecdotes and perceptive insights of Singapore s early decades He also boldly questions some of the policies of government and emerging trends in the country to suggest how Singapore must change to survive and thrive in the future

Lonely Vectors Kenneth Tay,2022-11-07 Lonely Vectors takes its cue from Singapore Art Museum s new space at the Tanjong Pagar Distripark as a site of the global economy and its choreography of movements However its interests in global flows extend beyond the circulation of goods and commodities to consider the bodies and histories unmoored and set adrift by this world in motion From the construction of special economic zones to patterns of migration from seed distribution to peasant solidarity against mega plantations from the uneven flow of land and water to the cosmologies and worlds lost to us over time Lonely Vectors points to the different ways we desire to connect with one another

Makers of Modern Asia Ramachandra Guha,2014-08-29 The twenty first century has been dubbed the Asian Century Highlighting diverse thinker politicians rather than billionaire businessmen Makers of Modern Asia presents eleven leaders who theorized and organized anticolonial movements strategized and directed military campaigns and designed and implemented political systems
