As a wise ape once observed space is big vastly hugely mind bogglingly so However if you look too closely at space it becomes nothing but lumps of rock and sundry gases Sometimes it s necessary to take a step back and let a few billion years go by before any of the true wonder and scope of the cosmos becomes apparent Similarly the late 20th century author humorist and thinker Douglas Adams was big vastly hugely and thoroughly mind bogglingly so both in physical terms and as a writer who has touched millions of readers firing up millions of cerebellums all over planet Earth for over 35 years and for nearly half of that time he hasn t even been alive It would be ridiculous to pretend that Douglas Adams s life and work has gone unexamined since his dismayingly early death at 49 but throughout the decade since the last book to tackle the subject the universes Adams created have continued to develop to beguile and expand minds and will undoubtedly do so for generations to come An all new approach to the most celebrated creation of Douglas Adams is therefore most welcome and *The Frodo* tells the story of Adams s explosive but agonizingly constructed fictional universe from his initial inspirations to the posthumous sequel s and adaptations bringing together a thousand tales of life as part of the British Comedy movements of the late 70s and 80s along the way With the benefit of hindsight and much time passed friends and colleagues have been interviewed for a fresh take on the man and his works **Focus On: 100 Most Popular American Science Fiction Films**

Everything You Love Will Burn Vegas Tenold, 2018-02-20 The dark story of the shocking resurgence of white supremacist and nationalist groups and their path to political power Six years ago Vegas Tenold embedded himself among the members of three of America's most ideologically extreme white nationalist groups the KKK the National Socialist Movement and the Traditionalist Workers Party At the time these groups were part of a disorganized counterculture that felt far from the mainstream But since then all that has changed Racially motivated violence has been on open display at rallies in Charlottesville Berkeley Pikesville Phoenix and Boston Membership in white nationalist organizations is rising and national politicians including the president are validating their perceived grievances Everything You Love Will Burn offers a terrifying sobering inside look at these newly empowered movements from their conventions to backroom meetings with Republican operatives Tenold introduces us to neo Nazis in Brooklyn a millennial Klanswoman in Tennessee and a rising star in the movement nicknamed the Little F by the Southern Poverty Law Center who understands political power and is organizing a grand coalition of far right groups to bring them into the mainstream Everything You Love Will Burn takes readers to the dark paranoid underbelly of America a world in which the white race is under threat and the enemy is everywhere
