**Manual of Structural Kinesiology** R. T. Floyd, Clem W. Thompson, 2017-04-10 Manual of Structural Kinesiology presents a straightforward view of human anatomy and its relation to movement. The manual clearly identifies specific muscles and muscle groups and describes exercises for strengthening and developing them. Floyd provides important information in an accessible format through a combination of logical presentation, illustrations, and concise writing style. The Connect course for this offering includes SmartBook, an adaptive reading and study experience which guides students to master recall and apply key concepts while providing automatically graded assessments. McGraw Hill Connect is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following: SmartBook, an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content; Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course; Progress dashboards that quickly show how you are performing on your assignments and tips for improvement. The option to purchase for a small fee a print version of the book. This binder-ready, loose-leaf version includes free shipping. **Anatomy, Physiology, & Disease** Deborah Roiger, Nia Bullock, 2022 Physiology is vital knowledge for all students and just as significant is an understanding of the abnormal functions of the body. Students seeking careers in the health care field can be doubly motivated when taking an anatomy, physiology, and pathology course as the personally relevant content also prepares them for their chosen careers. As instructors, we look for a text that is first and foremost accurate, is written at an appropriate level for our students (neither too high nor too low), can be customized to accommodate the organization of our individual courses, and will be interesting and appealing to our students.
