Good Housekeeping ,1895 **Housekeeping by Design** David Brody,2016-10-17 A mattress box spring and duvet for a king size hotel bed weighs in at 225 pounds Imagine trying to wrestle with changing the sheets and getting the hospital corners just right it is easy to see why hotel housekeepers experience back and shoulder injuries at increasing rates David Brody got behind the scenes at the Chicago Hyatt Regency and the Starwood hotels in Hawaii bypassing management and corporate press releases to interview the housekeeping staff directly Given Brody s expertise in architecture and design his mission here is to help us understand service design in hotels in order to situate the needs of hotel customers housekeepers and hotel management one relative to the other What unfolds as a new perspective on hotels is design in terms of spaces products maintenance and workflow systems We get vivid examples of how a hotel room s design encapsulates a highly orchestrated hidden process of management and labor where work is invisible and surface appearances are paramount to the guest s sense of domestic comfort Turndown service is one example room light dimmed drapes drawn music on classical turndown mat on floor slippers in place mint on pillow etc Brody opts strongly for what he calls co design which means collaboration between workers and management on improving hotel design and he is unabashedly partisan in taking sides

with hotel workers and their unions He also advocates for sustainability and green politics **New York Home Care Abuse**
