Evaluation of Cross-Language Information Retrieval Systems Martin Braschler, Julio Gonzalo, Michael Kluck, 2003-08-02 The second evaluation campaign of the Cross Language Evaluation

Forum CLEF for European languages was held from January to September 2001. This campaign proved a great success and showed an increase in participation of around 70% compared with CLEF 2000. It culminated in a two-day workshop in Darmstadt, Germany, 3-4 September, in conjunction with the 5th European Conference on Digital Libraries (ECDL 2001). On the first day of the workshop, the results of the CLEF 2001 evaluation campaign were reported and discussed in paper and poster sessions. The second day focused on the current needs of cross-language systems and how evaluation campaigns in the future can best be designed to stimulate progress. The workshop was attended by nearly 50 researchers and system developers from both academia and industry. It provided an important opportunity for researchers working in the same area to get together and exchange ideas and experiences. Copies of all the presentations are available on the CLEF web site at <http://www.clef-campaign.org>. This volume contains thoroughly revised and expanded versions of the papers presented at the workshop and provides an exhaustive record of the CLEF 2001 campaign. CLEF 2001 was conducted as an activity of the DELOS Network of Excellence for Digital Libraries, funded by the EC Information Society Technologies program to further research in digital library technologies. The activity was organized in collaboration with the US National Institute of Standards and Technology (NIST).
